Afternoon Session

Speaker's Procession

(Prayers)

Speaker (Hon. Samuel Ombogo): Thank you Hon. Members. I want to welcome you to this session of afternoon and I would request the Clerk to take us through the order paper of today.

COMMUNICATION FROM THECHAIR

Speaker (Hon. Samuel Ombogo): The information is from the Chief Finance Officer Mr. KephasKasera who is directing members to resubmit the list of the projects which they intend to be taken by Ward Development Fund for this Financial Year. That list should reach his office tomorrow by 10.00 a.m. Hon. Ogosi you want to say something? We are in communication from the Chair and I do not know which standing order is allowing you to stand.

Hon. Aggrey Ogosi: Thank you Mr. Speaker. I rise on standing order No. 1 which allows you of matters that are not provided for in this standing order to give direction. Mr. Speaker, on the matters you have raised on the projects to be included in the Ward Development Fund, is important.

Speaker (Hon. Samuel Ombogo): Order Hon. Ogosi. Can you resume your seat? You can forward your request through the office of the Majority Leader. And I direct the office of the Majority Leader to look into the matter and give us direction.

Hon. Aggrey Ogosi: There was a law which was passed by the Assembly to bring into being the Ward Development Fund. I do not think it is right to tell me I should get information on Monday or tomorrow. It is neither here or there. We must be given time to factor this in the budget.

Leader of Majority (Hon. James Omolo): Mr. Speaker, I think it is really wrong because we have committees in the Ward and these Committees must sit and must prioritize the projects.

Speaker (Hon. Samuel Ombogo): That is why I was saying it was a communication from the office of the Speaker..

Hon. Isaya Onyango (Chief Whip): Hon. Members, the speaker got the letter today and we are communicated to today and we have been told to do this through our Majority Leader. We should give the Speaker chance and from there we will see which way to take.

Hon. Elijah Omondi: Mr. Speaker, our debates are being recorded in the Hansard and we should not break the law openly. Such communications should not be allowed in this house.

Speaker (Hon. Samuel Ombogo): Under which standing order?

Hon. Elijah Omondi: It is dangerous to say that we make a report to the Chief Officer and I do not agree to that.

Speaker (Hon. Samuel Ombogo): Hon. Members, I want to bring to your attention that we have our visitors from Nyandarua County and we want to welcome them. They are sitting on the right side of the public gallery. We want to assure them that we are together and feel at home. Members, after the session we shall interact with each other.

Mr. Speaker, I lay this paper to the house. Thank you.

Speaker (Hon. Samuel Ombogo): Hon. Bob Ndolo, is there any time frame on the paper you have laid?

Hon. Bob Ndolo: It should start immediately as from Monday.

Speaker (Hon. Samuel Ombogo): Then we have to adopt it after the commencement of business.

NOTICES OF MOTION

Majority Leader (Hon. Marlin Olero): Thank you Mr. Speaker. I want to give a notice of motion on the business calendar beginning from 16th July 2015 to 30th July 2015.

Speaker (Hon. Samuel Ombogo): Any other notices of motion? Hon. Gabriel Ochieng.
Hon. Gabriel Ochieng: Thank you Mr. Speaker. I rise to give a notice of motion on Expenditure Report for the Financial Year ended 30th June 2015 by Committee of Finance and General purpose.

STATEMENTS

Hon. Paul Okiri: Thank you very much Mr. Speaker. I rise to give a reply on a statement by Hon. Member Salome Lungafa. The member wanted to know whether our Ambulances are given fuel card. I wish to respond as follows:

1. That our drivers are given fuel cards to fuel Ambulances.
2. The second question was whether we have enough drivers and I want to say that at the moment we do not have enough drivers but through the Service Board, they advertised and they would soon employ enough drivers.
3. The 3rd question is whether there is security for the ambulance and I want to respond that the Security of the Ambulance is there.
4. The member also wanted to know if we have enough nurses working in these ambulances and I want to say yes we have enough nurses but should there be more needed, the Public Service Board will be employing more soon.
5. Mr. Speaker, the various level at which these patients can be picked is not specific but it is we prefer that they be picked at the nearest health facility.

Hon. Isaya Onyango: Mr. Speaker, I would like the Hon. Member to tell us if the report he is reading is for the future or what is happening now so that we move from there.

Hon. Paul Okiri: Mr. Speaker, I am responding to questions as they were raised.

Hon. Moses Ochele: A point of information

Speaker (Hon. Samuel Ombogo): Granted

Hon. Moses Ochele: Thank you Mr. Speaker. May I inform the Chair for Health that he should be not so quick in reading statements given without verifying. He should come to this house with facts that can be a tested but he is coming with a statement from an officer. The other of that document is purely imagining things. Mr. Speaker, I want the Chair to state that as it stands now, people are paying money for fuel. He should be able to tell us that if County Government has money to fuel Ambulance, where is this money collected from patients go to? He is talking of these Ambulances having security. Mr. Speaker, I have never had County Government having security personnel for Ambulance. If he is imagining that they would come to the future but at the moment, there is no security personnel he is talking about. He is talking about enough nurses yet there is outcry on lack of nurses. The Board he is talking about, the Public Service Board advertised for health staff last year. Interviews were conducted before June last year, Mr. Speaker, to date they have not been employed. I want this Chairman to put jokes a side and take

his work seriously. We are here to transact business. We are here to talk on behalf of the people.

Speaker (Hon. Samuel Ombogo): Yes, Hon. Benjamin.

Hon. Benjamin Onyango: Thank you Mr. Speaker. I am here to talk about the Chair of Health that he should be very careful when reading statements in the Assembly. I am coming from a ward where there is only one staff, when this staff goes to the meeting, the facility is closed.

Hon. Faridah Ahmed: Mr. Speaker I want to help my chairman. Hon. Members should stick to the content of any query raised. In this particular case, it was touching purely on Ambulances Mr. Speaker.

Speaker (Hon. Samuel Ombogo): Chair for Liaison is up and we must respect that.

Hon. John Kadede: Thank you Mr. Speaker. The Hon. Member is very right. The truth of the matter is, we do not have nurses even in our facilities. Forget about the Ambulance. Ambulances are supposed to pick people at the places where they are sick not at the health centre. Mr. Speaker, I do not understand what the Chair is telling us.

Hon. Elijah Omondi: Mr. Speaker, I wonder what the Chair of Health is talking about. Like in my ward, we have ambulance bodies. I want to disagree because I see matatus written ambulance and they are used to collect water. We wanted to know how many ambulances per ward so that we allocate them duties Mr. Speaker. We do not want statements which is going to misinform this house. Thank you.

Hon. Moses Ochele: Mr. Speaker, I heard a very able vice chair from health talking about policy, that the report is about policy and we should not divert to nurses and personnel. I want to sympathize with her because the answers provided by the Chair of Health are very irrelevant and I must just say you were not there.

Hon. Faridah Ahmed: A point of information, I was there and I took note of what Hon. Salome had requested to know.

Speaker (Hon. Samuel Ombogo): I believe the Chair for Health is informed.

Hon. Aggrey Ogosi: One more before the chair stands. Mr. Speaker, I think one area where we need to remind ourselves is on our key mandate which is oversight, representation, and legislation. In doing this we should assume the responsibility of the Executive. I have listening to how the Chair for Health is responding to the questions at am left wondering because we cannot play to be stooges of the Executive. We should seriously find out what is happening.

Hon. Paul Okiri: Thank you Mr. Speaker, first of all I hope the Speaker has the copy I am reading. The copy is also directed to the Leader of Majority and myself. Let us not divert the attention of the house. The question here was if the Ambulances are given fuel card. The answer should be yes or no and that is what I am reading. There was also another question of nurses and I said here very well that should there be any shortage, the County Service Board are supposed to

advertise for more positions. If you have a question please raise it, I will take it next week. Thank you.

Speaker (Hon. Samuel Ombogo): Hon. Chief Whip!

Hon. Isaya Onyango: Mr. Speaker, I want to borrow a leaf on what Hon. Members have said here to the Chairman of Health. It is not a matter of yes or no. Even if you go to school now, you will not hear yes or no, you will have to explain why we are using those cards. It means you do not even know what you are talking about. Next time you are asked a question, make sure they give you answers in detail.

Speaker (Hon. Samuel Ombogo): Hon. Osano, can you give your interpretation so that we give it to Chair of Implementation.

Hon. Joseph Osano: Mr. Speaker, I just want to inform the Chair that any time a question is raised we are not trying to penalize the chair. We are just trying to do our oversight. Look at what the Chair is saying, he is not even sure with his answers.

Hon. Elijah Omondi: A point of order Mr. Speaker?

Speaker (Hon. Samuel Ombogo): Granted.

Hon. Elijah Omondi: Is it proper for the Chair of Health to mislead the house? At one point he said there are enough nurses and as he continues to read his report he says the Service Board is going to recruit.

Hon. Kelvin Odhiambo: Mr. Speaker, I think Hon. Members are trying to divert attention. When statements are raised, let us stick to the statement. The moment a chair of Health seek for answers, we should investigate the invalidity of the answer. If we talk about nurses and then we talk about drivers, then it means we do not know where we are going. You can say you are not satisfied with the answer so that he can go back and bring an elaborate information on the statement raised. Thank you.

Hon. Lydia Odhiambo: A point of information?

Speaker (Hon. Samuel Ombogo): Hon. Lydia

Hon. Lydia Odhiambo: Thank you Mr. Speaker. I want to inform the Hon. Member who has just sat down now that issues that have been raised today are valid. The question that was asked about nurses working in those ambulances and my chair whom I respect so much has said that here are adequate nurses in his statement but he is also contradicting himself that recruitment is ongoing. I think the Chair should sit down with his committee members and also even with his people at the Ward. Thank you.

Hon. Prisca Misachi: Mr. Speaker, let us have direction. When we are told to seek answers we are supposed to sit down as a committee and invite those concerned to come and shed light in the committee but if we just leave for the Chair to look for the information alone, those are the kind of sketchy answers we expect to get. (Laughter)

Leader of Majority (Hon. Marlin Olero): I want to request my able chair of health to withdraw his answer because members are not satisfied and he should go and seek for elaborate information.

Hon. Paul Okiri: I am not going to withdraw and it is unfortunate that even committee members whom should have understood this statement at finger tips are complaining. What can I withdraw if I say that airtime is given?

Hon. Gabriel Ochieng: Thank you Mr. Speaker. Let us not blame chair for Health so much. As far as I am concerned, the Hon. Marlin who is Majority Leader and the Chair of Business in this house, has the copy of this letter and she is supposed to defend her Chairperson but she is telling him to withdraw. Mr. Speaker, it is not all members to go and seek for answers for statements. It has its procedures. The Clerk writes to the relevant member then they reply and that is what was done and it is what the Chair of Health is responding to. Thank you.

Majority Leader (Hon. Marlin Olero): Mr. Speaker, I was talking as a member of the Health Committee that is why I was asking my able chair to withdraw.

Speaker (Hon. Samuel Ombogo): Hon. Moses Ochele.

Hon. Moses Ochele: Mr. Speaker, I think we are wasting time and the direction taken by Hon. Oraro is obvious. He always talk from the point of confusion. Mr. Speaker, questions were raised, members sort for statements. It is not the mandate of the Plenary to Serve a Chief Officer or a CEC member by the mandate of that committee. The committee should not bring statements as raw as given by the executive. If there is a concern raised in this house, they have the mandate to go out and verify then they can compare then bring a report to this house. I am requesting the committee of health, and I know members of the health are the most vocal and I am sure this matter was handled by the Chair alone. Committees must have a collective responsibility. Let him go back and sit with his committee because we have a substantive report in this house.

Speaker (Hon. Samuel Ombogo): Hon. Oraro

Hon. Kelvin Oraro: Thank you Mr. Speaker. I never wanted the name to be dragged but I want to say this, if you go to the parliament, you will realize that these statements was not originally created for Counties but it was there for the Ministers to argue but they are changing this to look as a question time. If someone makes a statement, and the statements needs an immediate response on this issue, so be it.

Hon. Petronila Omondi: Thank you Mr. Speaker. I request Hon. Members that they have fully discussed this matter and the Committee of Health has already captured their concern. The report is not adequate and people are not satisfied and that is what my Hon. Chair will take home. I request that we move on. Thank you.

Speaker (Hon. Samuel Ombogo): Thank you. I will give Hon. Osano time then the Chair shall sum up so that we move on.

Hon. Joseph Osano: I want Hon. Members not to go round and round over things. It was just the other day we discussed when the Chairman for Security and Administration brought something like this and the committee did not own it. What we do should be a collective responsibility. If we look at our standing orders, how a chair can be removed in his office, is what I am seeing here. 90% of your committee are disowning what you have brought here and you have to be very careful otherwise they will kick you out. Thank you.

Hon. Paul Okiri: Thank you very much Mr. Speaker. I beg to say this, this was a statement raised by a member and that member is here. She will say whether she is satisfied or not.

(members are inaudible)

Hon. Isaya Onyango (Chief Whip): Mr. Speaker, I want to say this, when a motion has reached the house and committed, it becomes a property of the house it is up to the Members not the person who brought it.

Speaker (Hon. Samuel Ombogo): Chair for Health, you want Hon. Salome to say if she is satisfied with the answers or not?

Hon. Paul Okiri: Yes

Hon. Salome Lunghafa: Thank you Mr. Speaker. I think when I brought this statement, it was not just my own statement, and it was a concern of Kisumu County as a whole. When I went round as a representative of my people, I found out that His Excellency the Governor had given out ambulances but these ambulances are not helping people Mr. Speaker that is why I brought this matter in this house so that we find way forward and I want to stress that the answers which were provided by the Executive Member to our chair of health are not satisfying. (Applause)

S**peaker (Hon. Samuel Ombogo):** Order Hon. Members. Hon. Member for Health, members are not satisfied with the answers you gave and I am directing that within 7 days you are expected to prepare the answers for the questions raised by members to be tabled on 23rd during statement hours.

Hon. Faridah Ahmed: I also want to request the members that if they are privy to any information concerning the payment of ambulance, they can assist us so that when we bring back the answers we also cover that.

Hon. Paul Okiri: Thank you very much.

Hon. Benta Ogola: I am directing my question to the Chairperson under Social Services. Mr. Speaker, recently the President made a statement that has become more good than bad or rather more bad than good. He gave a statement on the issue dealing with alcohol. The addicts are affected both physically and emotionally. I am worried because Kisumu County is also affected and I do not know what the County Government has in place a programme to sensitive our people. We really need to cure our men. We have all seen what is happening in central province, do we have a rehabilitation centre to help our people who are affected?

Speaker (Hon. Samuel Ombogo): Hon. Petronila are you able to respond to her concern?

Hon. Petronila Omondi: Thank you Mr. Speaker. My colleagues concern is very valid and I would request if this statement could put in writing so that I make reference as I look for the answers.

Speaker (Hon. Samuel Ombogo): Hon. Benta, kindly submit the written statement to the Chair of Culture and Social Services.

Hon. Benta Ogola: Thank you Mr. Speaker. Due to black out problem, I was not able to print it but I will do so as soon as I get the chance. Thank you.

Speaker (Hon. Samuel Ombogo): When are you giving the answers for her questions? How much time do you need?

Hon. Petronila Omondi: I need two weeks.

Speaker (Hon. Samuel Ombogo): Hon. Chair for Roads and Transport!

Hon. Osumba Olum: Mr. Speaker, I rise to give a statement. I want to know from the County Secretary through the Majority Leader. I want to know the state of Employees who were from the defunct Local Authorities who were deployed at Kisumu City and are now being called idlers. These employees are working in their departments, being supervised and their supervisors have never raised any complain. I suspect that there is a plan to dismantle the city.

Speaker (Hon. Samuel Ombogo): Have you submitted the hard copy to the Leader of Majority?

Hon. Osumba Olum: Yes

Hon. Prisca Misachi: Let me add something. Mr. Speaker, I think there had been a motion in this house asking the Governor to constitute a town hall and I believe what is failing us is the implementation. Let us task the Implementation committee to follow up because the city hall must be constituted. So many things are happening even the system is locked and the rates are not being paid because the system was locked. It is a serious thing that we have to address.

Speaker (Hon. Samuel Ombogo): Hon. Majority Leader.

Hon. Majority Leader (Hon. Marlin Olero): Thank you Mr. Speaker. Following the statement from Hon. Olum about the City Hall workers, I think I will be able to give the answer next week on Thursday.

Speaker (Hon. Samuel Ombogo): Hon. Member, you will be answered next week on Thursday. Yes Hon. Isaya

Hon. Isaya Onyango: Our standing order is very clear that if the Governor fails to sign a document presented to him within 30 days automatically it becomes law. It means then that people should not be worried. What we need to be told is when is the City Board going to be constituted?

Speaker (Hon. Samuel Ombogo): Hon. Misachi please prepare the question and hand it over to the office of the Majority Leader and a copy to the office of the Clerk.

Hon. Pamela Omino: I have a statement. Mr. Speaker, during the second sitting of this Assembly which was addressed by His Excellency the Governor, he made a statement on the floor of the house outlining some key issues that the County Government is prepared to do, one of them being the construction of this Assembly. The development as presented in this house was a prerogative work between the County Government and National Housing Corporation. Hon. Members, this proposed partnership informed the decision that tend to oppose the development of this Assembly by County Government and eventually the diversion of already appropriated development fund to other development projects. As you might be aware, since that time, no further direction has been provided. What are the contents and the barometers of this MOU with regards to this project? When will this MOU be tabled for this Assembly to pursue it? Is it this MOU is a draft for County Government or a law and if it is a law, when did this Assembly approved the MOU? I therefore rest my case and need an answer from the office of the leader of majority.

Speaker (Hon. Samuel Ombogo): Submit the hard copy to the Clerk's desk then he will give a copy to the office of the majority. Hon. Chair for ECD?

Hon. Paul Achayo: Thank you Mr. Speaker. A few months ago, the County Government of Kisumu in conjunction with the KUP embarked on a very serious plan Mr. Speaker and as a result 93 lights were erected and up to today, these lights are not function and I want to know why.

Speaker (Hon. Samuel Ombogo): Leader of Majority there is another question from Hon. Achayo.

Leader of Majority (Hon. Marlin Olero): Thank you Mr. Speaker. I want to request this house that I will respond in two weeks. And the one for Hon. Achayo, I have not yet received a copy.

Hon. Moses Ochele: Thank you Mr. Speaker. I sort for a statement on an expenditure from the month of November to the end of last financial year but to date I have not received the response and under order paper order No 9, I cannot tell if this statement is what has been now been brought as a motion, because motions are sponsored but it stands I need a response. Second, there is a statement which has really lasted for months for Ministry of Cooperative and the Chair of that committee had promised to give an answer, to date I am still waiting.

Speaker (Hon. Samuel Ombogo): Let us start with the chair for finance. Hon. James Were

Hon. Gabriel Ochieng: Thank you Mr. Speaker. I am standing in for my chair who was not in on that day when Hon. Ochele raised the question. I was also wondering aloud because the question he asked is now coming in the order paper as motion No. 9. We had already written a letter to the Clerk so that the Finance of the Assembly can furnish us with the expenditures as from November to date. Mr. Speaker, you are aware that our Assembly Finance Officer played games with the Assembly but we have put him to task and the new finance officer has promised to furnish us with the information. I have a copy and from next week we shall have a comprehensive statement from our finance officer.

Hon. Moses Ochele: Thank you Mr. Speaker. I understand but I want to say that this duty is not going to be done by the incoming clerk but will be part of clearance by the outgoing clerk so he should only be cleared after doing this because the incoming officer may not find any record, they should be forced to comply otherwise this report would not be forthcoming.

Speaker (Hon. Samuel Ombogo): I hope you have heard what the Hon. Member has said and therefore you should get hold of the former finance officer to be able to give us a comprehensive report before he leaves.

Hon. Elijah Omondi: If you really heard what Hon. Ochele said and I am surprised that is now coming as a request. It requires serious intervention because we are aware that there is no financial report and I hope the chair will stop this mess by ordering the committee concerned to bring everything in the house.

Speaker (Hon. Samuel Ombogo): You did not get me clearly. I said the outgoing finance officer should handover all the documents to the Chair for finance to be tabled in the Assembly within 7 days as been said by the deputy chair of finance. Chair for trade?

Hon. Caroline Agwanda: I am here as a member of the committee.

Speaker (Hon. Samuel Ombogo): Do you have the response to the question?

Hon. Caroline Agwanda: Yes, Mr. Speaker. Thank you. The issue raised by Hon. Ochele was discussed in our committee with the person in charge of cooperative at the Executive and we discussed at length that we should go and visit the place. The response we got was not comprehensive that we could bring before the house today therefore we are requesting for more time upto Thursday next week.

Hon. Philip Anayo: Thank you Mr. Speaker. I also want to say that statement time is over and we should proceed to other items Mr. Speaker.

Speaker (Hon. Samuel Ombogo): Hon. Members, statement hour is over. Hon. Ochele, the Committee of Trade has requested that you give them 7 days.

Hon. Moses Ochele: Mr. Speaker, the message I got is that today the house would be giving a status report from the Committee of Cooperative, there are several information that they promised to give today but I am seeing none is ready. I am therefore scared, if this matter cannot be resolved as soon as possible then I will be forced to mention that most of these committees are not serious. If I was in that committee I would really pressurize members to look for questions of Hon. Ochele. The person who was in charge of this projects are in this County, what is so difficult?

Hon. Elijah Omondi: Mr. Speaker, I am surprised the way Hon. Ochele is talking when he is quite aware that the department of Agriculture had not handed over to the department of Cooperative. The truth of the matter is, we ordered the department of Cooperative to take over the project and there is a committee going to Hon. Ochele's Ward tomorrow so that they can organize funding and ground breaking of that project. What the committee is requesting is more time like two weeks so that we come with a conclusive information. Thank you.

Hon. Moses Ochele: Thank you Mr. Speaker. I somehow agree with Hon. Elijah but I want to say this house is not a house of propaganda. Mr. Speaker, if there was a communication to me then that copy should be with you. As the committee of cooperative is handling the issue, this house should remind them of the importance. Why do we go round and round when the person we need to provide the answer Mr. Owiro is here with us? What is so difficult of surmoning Mr. Owiro? It is not the problem of the commissioner of cooperative, it is the chief officer Mr. Owiro who is the problem.

Speaker (Hon. Samuel Ombogo): Hon. Member, you cannot direct the Committee to sermon Mr. Owiro. The committee will make sure that they table a report within the next two weeks as requested by Hon. Elijah.

NOTICES OF MOTION.

MOTION: ADOPTION OF HOUSE BUSINESS SCHEDULED 16TH -30TH JULY 2015

Hon. John Kadede: Thank you Mr. Speaker. I stand to second the House Business Scheduled for 16th July – 30th July 2015 as clearly read by the Leader of Majority.

(**Question put and agreed upon).**

Hon. Jane Omollo: Thank you Mr. Speaker, there is a slight confusion of dates, if I look at my calendar, 22nd of July will be on Wednesday not Thursday.

Speaker (Hon. Samuel Ombogo): Can the office of the Clerk confirm that.

Hon. Elijah Omondi: Mr. Speaker, I am seconding because it is true that 22nd will be Wednesday.

Speaker (Hon. Samuel Ombogo): I do put a question that Thursday 22nd July 2015 be changed to Thursday 23rd July 2015.

(**Question put and agreed upon)**

Hon. Faridah Ahmed: That change also affects the following day on Friday. I suggest the days and dates be corrected in the entire calendar. I also have some corrections to make on Tuesday 28th July on plenary, that motion should read: motion on establishment of a rescue centre for gender based violence survivor.

Speaker (Hon. Samuel Ombogo): Can I be guided by the Chair of Liaison to know if there is a slot?

Hon. John Kadede: I thought you requested for two slots on Monday?

Hon. Willis Ogonyo: No, Monday and Tuesday

Speaker (Hon. Samuel Ombogo): Majority Leader can I get your views?

Hon. Marlin Olero: Mr. Speaker, I am sorry the list is full but we can give them 12- 1.00. If the chair beliefs it can work then it is okey.

Hon. Caroline Agwanda: I second

Speaker (Hon. Samuel Ombogo): It has been seconded and I now put the question that the Committee of Budget and Appropriation committee be slotted for Tuesday 12 - 1.00 PM.

(**Question put and agreed upon)**

If there is no any other input,

Hon. Lydia Odhiambo: I want to request the mover to reply

Majority Leader (Hon. Marlin Olero): Mr. Speaker. I want to appreciate Hon. Members for being free to discuss this house business schedule. I am grateful and I say thank you.

Speaker (Hon. Samuel Ombogo): Hon. Members, the House Business Schedule was tabled by the Majority Leader and has been discussed by Hon. Members and amendments made. I now put a question that the house adopts the House Business Schedule with amendments.

(Question put and agreed upon).

Let us proceed.

Hon. James Were: Thank you Mr. Speaker. I rise to move a motion of the withdrawal of the expenditure of financial report ended 30th June 2015 by the Committee of Finance and General Purpose. Mr. Speaker, this report has just been given and we want more time to work on it exhaustively and I request Hon. James Omolo to second.

Hon. James Omolo: Thank you Mr. Speaker. I rise to second that the expenditure report for financial year ended 30th June 2015 be withdrawn. Thank you.

Speaker (Hon. Samuel Ombogo): The Hon. Chair for Finance has moved a motion of withdrawal of the expenditure of financial report ended June 30th 2015 until further notice.

(Question put and agreed upon).

Leader of Majority (Hon. Marlin Olero): Hon. Members, I am requesting the elected members to remain behind so that we can discuss about the Ward Development Projects.

cc. Clerks' Office, Majority Leader.

If any member has something to say they can go on before I put a question.

Hon. John Kadede: The composition is okay to me because it is gender sensitive and I have no problem with it.

Hon. Joshua Auko: Mr. Sepaker, I heard a copy was given to the office of Majority Leader but no copy for Minority Leader can I know why?

Speaker (Hon. Samuel Ombogo): Hon. Bob Ndolo, can you explain why you did not give a copy to office of the Minority Leader?

Hon. Bob Ndolo: Everyone was issued with a copy, it did not matter whether it was a majority leader or minority.

Speaker (Hon. Samuel Ombogo): Order Hon. Bob, will you issue the office of the minority leader with a copy?

Hon. Bob Ndolo: It is okay.

Hon. Osumba Olum: Mr. Speaker, when you are talking about the bodaboda it means you are talking about the mode of transport. The committee of transport has been left out.

Hon. Elijah Omondi: I want to support my able chair that the list is doctored because Transport is the mother of this and how come we are not involved?

Speaker (Hon. Samuel Ombogo): I am being advised that the findings will be channeled to the Committee of Transport for deliberations.

Hon. Bob Ndolo: When we were compiling this committee Hon. Elijah was there and he played a big role. As regards to the Transport chair we will considered.

Hon. Farida Ahmed: We need to know time frame because I heard the County has already put a ban that bodaboda should not operate after 10.00 pm. I would urge the committee to move very first and we want to know when we will be given the report.

Hon. Moses Ochele: Mr. Speaker, what is being discussed is out of order because it was under papers and it cannot therefore discussed. If you want to discuss it let it appear in the order paper.

Speaker (Hon. Samuel Ombogo): The report to appear in the order paper on Tuesday otherwise it has been overruled.

There being no other business, the house stands adjourned until 21st July, Tuesday afternoon.
