INTRODUCTION

PREAMBLE

Mr. Speaker and Hon. Members,

Pursuant to the provisions of **Standing Orders No. 41(2) (b)** of the County Assembly Standing Orders, the MCA for Kajulu Ward, Hon. Ben Adega raised a Statement in this House on 1st November 2022 regarding the operational status of the Mamboleo Abattoir in Kajulu Ward. **(See Annex 1- Statement)**

In accordance with Article 185 of the Constitution of Kenya, 2010, Section 8 of the County Government's Act, 2012 read together with the County Assembly of Kisumu Standing Orders No. 193, the Hon. Speaker instructed the committee on Planning, Industrialization and ICT to make an inquiry, investigate and cause a report on the following in regard to this matter;

i. Details of the plans that the Kisumu City department has put in place to completely restore quality operations in the facility through water and sanitation services, adequate and sustainable good public health conditions, fencing and reclaiming parts of the land lost to encroachment by private developers and general repair and maintenance of machines and equipment within the facility

ii. Details of the plans the Kisumu City department has put in place to reorganize the management of the facility in order to ensure sustainability and quality operations

iii. Details of the City budgetary allocations to the Mamboleo abattoir and the justifications for expenditure statements used in the repair and maintenance, developments and operations of the facility for the financial year 2020/2021 and the financial year 2021/2022

ESTABLISHMENT AND MANDATE OF THE COMMITTEE

Mr. Speaker and Hon. Members,

The Sectoral Committee on Planning, Industrialization and ICT is established under Standing Order No. 193 of the Kisumu County Assembly Standing Orders, whose mandate, pursuant to the Standing Orders No. 193 (5) is as follows;

- investigate, inquire into, and report on all matters relating to the mandate, management, activities, administration, operations and estimates of the assigned departments
- study the programme and policy objectives of departments and the effectiveness of the implementation
- study and review all County legislation referred to it
- study, assess and analyze the relative success of the departments as measured by the results obtained as compared with their stated objectives
- investigate and inquire into all matters relating to the assigned departments as they may deem necessary, and as may be referred to them by the County Assembly
- to vet and report on all appointments where the Constitution or any law requires the County Assembly to approve, except those under Standing Order 187 (Committee on Appointments)
- Make reports and recommendations to the County Assembly as often as possible, including recommendation of proposed legislation.

COMPOSITION

Mr. Speaker and Hon. Members,

The committee on Planning, Industrialization and ICT as currently constituted comprises of the following Members:-

1. **Hon. Boytonne Ratib - Chairperson**
2. **Hon. James Omollo - Vice Chairperson**
3. Hon. Seth Ochieng - Member
4. Hon. Ken Ooko - Member
5. Hon. Seth Okumu - Member
6. Hon. George Abaja - Member
7. Hon. James Were - Member
8. Hon. Marriam Abeid - Member
9. Hon. Nereah Okombo - Member
10. Hon. Caren Odhiambo - Member
11. Hon. Zackaria Okoyo - Member
12. Hon. Rueben Rakwach - Member
13. Hon. Benny Oiko - Member
14. Hon. Gard Olima - Member
15. Hon. Vincent Obuya - Member

Secretariat

1. Peter Anditi - Principal Clerk Assistant
2. Austine Ochieng - Clerk Assistant
3. Edward Odanga - Hansard Reporter
4. Faith Judith - Sergeant-at-Arms

ACKNOWLEDGEMENTS

Hon. Speaker,

It is my privilege and pleasure on behalf of the Committee to convey my gratitude to all Members of the Committee for their valuable input throughout the period of investigation and inquiry on this matter.

The Committee also appreciates invaluable support from the offices of the Speaker and Clerk of the County Assembly for providing conducive atmosphere to prepare this report. To our Clerks and the technical staff who tirelessly worked through to make this exercise a success, I applaud you.

It is now my humble desire and wish to hereby submit this report to the House for consideration on behalf of the Committee on Planning, Industrialization and ICT.

COMMITTEE INVESTIGATIONS

Hon. Speaker,

In a Committee meeting held to deliberate on this matter, the committee resolved to request the City Manager, Kisumu County Government to comprehensively respond to the issues raised in the statement.

Consequently, a letter dated 11th November 2022, requesting the City Manager to respond to the issues on a date not later than 17th November 2022 was delivered to the City Management (See Annex 2)

Hon. Speaker,

The City Management failed to respond within this timeline. Consequently, the Committee in another meeting resolved to do a reminder to the City Manager, asking him to respond to the concerns raised in the statement. A letter dated 18th November 2022 in this regard was delivered to the City Manager. (See Annex 3)

Hon. Speaker, once again, the City Manager failed to respond to the issues raised within the timeline indicated in the letter.

However, the City Manager submitted a written response through a letter dated 16th February 2023. (See Annex 4)

Response from the City Manager on the issues raised

Hon. Speaker,

The City Management in their written response recognized that Mamboleo Slaughterhouse is a vital facility serving the residents of Kisumu City and its environs with quality meat that is fit for human consumption. The facility sits on about 10ha piece of land and the County is in the process of acquiring a title for the said land. The factory was built between 1989 and 1991 with the funding from the Dutch government in partnership with the Kenyan Government.

The facility has a perimeter length of about 1400m, approximately, 55% of which is a stone wall fenced. The operational area is wire fenced but with many man made gaps commonly referred to as "panya route"

The factory is running well with below its designed output capacity of 100heads of cattle, 1000 chicken and 50 small stock per day

The facility is approached from the Western side through two approach roads. Currently both motorized and human traffic enter and exit through gate 1 without passing through the wheel dip and failure compromises the hygiene integrity of the facility

Currently, the gate house dilapidated with broken Polyvinyl Chloride (PVC) floor tiles and window glasses.

There is inadequate water supply to the facility hindering the attainment of clean hygienic conditions. Power outage is frequent and the standby generator is not working. The factory building hosts cattle line, small animal line viscera processing room and section of the slaughtering poultry. Although Mamboleo slaughterhouse was planned as an export facility, meat preparations were never built.

On 14th December 2022, the City of Kisumu advertised on the dailies through an open tender for the renovation of Mamboleo Slaughterhouse through Bid No. CGK/COK/W/2022/2023/03. The City intends to use part of its budget allocation to rehabilitate and equip the facility so as to bring back the slaughterhouse into full operation and also guarantee the safety of personnel working in the facility. The City intends to explore the possibility of constituting a Board of Management to run the facility as a well-managed facility will open up the livestock value claim by providing local and international market.

COMMITTEE OBSERVATIONS

Hon. Speaker,

The Committee made the following observations;

i. The County Government is yet to acquire the title deed of the land on which the Mamboleo abattoir sits on
ii. The City Manager admitted in his response that the facility however is fenced, has many man made gaps – "panya routes"
iii. On 14th December 2022, the City of Kisumu advertised on the dailies through an open tender for renovation of Mamboleo Slaughter House through Bid No.CGK/COK/W/2022/2023/03
iv. There is inadequate water supply to the facility hindering the attainment of hygienic conditions
v. The power outage within the facility is frequent and the generator to be used in such cases is not working

COMMITTEE RECOMMENDATIONS

Mr. Speaker and Hon. Members,

The Committee recommends to this House to resolve as follows;

i. That the City Management immediately start the process of FastTracking the process of obtaining the title deed for the land on which the Mamboleo Abattoir sits
ii. That City Management takes the initiative of fencing the whole facility/parcel to avoid further encroachment
iii. That the City Management immediately takes the initiative and constitute a Board of Management for purposes of day to day running of the facility
iv. That the City Management immediately establish the cause of limited water and electricity supply to the facility and act accordingly to ensure that the supply of the two resources is adequate for efficient and effective operations of the facility
v. That the City Management carry out face-lifting for the facility to realize its potential/output capacity

CONCLUSION

Hon. Speaker,

I hereby request this House to adopt this report on the operational status of the Mamboleo Abattoir. May l call upon Hon. ....to second.

Annexi

SPEAKER OF THE KISUMU COUNTY ASSEMBLY

COUNTY ASSEMBLY OF KISUMU

THIRD ASSEMBLY –FIRST SESSION

STATEMENT REQUEST BY HON. BENSON ADEGA

Hon. Speaker,

Pursuant to Standing Order 41(2.a, b), I rise to seek a Statement from the Chairpersons of the Committees on: Agriculture, Fisheries and Livestock Development and Committee on Health, Housing and Sanitation: on the operational status of the County Abattoir in Mamboleo in Kajulu Ward.

The abattoir is in a deplorable state of hygiene without basic sanitation requirements and intermittent running water which is often disconnected by the water agency (KIWASCO) for lack of payment of water bills. The equipment and machines have not been repaired in a longtime leaving several metal parts hanging off the rails in precarious situations that has so far fallen off and claimed the life of one worker. The facility is currently characterized by leaking water tanks, and an unfenced compound that has so far been encroached into by private developers and private properties constructed within the compound.

In the statement, the Chair(s) should:

1. Give details of the plans that the Kisumu City Department has put in place to comprehensively restore quality operations in the facility through provision of, but not limited to, water and sanitation services, adequate and sustainable good public health conditions, fencing and reclaiming parts of land lost to encroachment by

private developers and general repair and maintenance of machines and equipment within the facility.

2. Provide details of the plans the Kisumu City Department has put in place to reorganize the management of the facility in order to ensure sustainability and quality operations

3. Give details of the City budgetary allocations to the Mamboleo abattoir and the justifications for expenditure statements used in the repair, maintenance, developments (if any) and operations of the facility for the fy2020/2021 and fy2021/2022

RE: REQUEST FOR INFORMATION

The above subject matter refers.

The Constitution of Kenya, 2010 under Articles 185(3) & 195 (2) (b) and the Kisumu County Assembly Standing Orders No. 174 gives the County Assembly or any of its committees the powers to request and compel the production of documents.

Hon. Ben Adega raised a statement on the floor of the House regarding the operational status of the Abottoir in Mamboleo, Kajulu ward.

The purpose of this letter is to ask your office to provide a written response to the concerns raised in the Statement.

Kindly oblige by providing a detailed response on or before Thursday, 17th November, 2022. Attached herewith is the statement for your ease of action.

RE: OPERATIONAL STATUS OF THE ABOTTOIR IN MAMBOLEO, KAJULU WARD

Reference is made on the above subject matter and your letter dated 11th November 2022.

Mamboleo slaughter house is a vital facility serving the residents of Kisumu City and its environs with quality meat that is fit for human consumption. The facility sits on about 10ha piece of land, the County is in the process of acquiring a title for the said land. The factory was built between 1989 and 1991 with the funding from the Dutch Government in partnership with the Kenyan government. The facility has a perimeter length of about 1400m, approximately, 55% of which is a stone wall fenced. The operational area is wire fenced but with many man-made gaps commonly referred to as "panya route". The factory is running well with below its designed throughput capacity of 100 heads of cattle,1000 chicken and 50 small stock per day.

The facility is approached from the Western side through two approach roads. Currently both motorized and human traffic enter and exist through gate 1 without passing through the wheel dip and failure comprises the hygiene integrity of the facility. Currently the gate house dilapidated with broken Polyvinyl Chloride(PVC) floor tiles and window glasses. There is inadequate water supply to the facility hindering the attainment of clean hygienic conditions. Power outage is frequent and the standby generator is not working. The factory building hosts cattle line, small animal line viscera processing room and section of the slaughtering poultry. Although Mamboleo Slaughter House was planned as an export facility, meat preparations were never built.

On 14th December 2022, the City of Kisumu advertised on the dailies through an open tender for the renovation of Mamboleo Slaughter House through Bid No:

CGK/COK/W/2022/2023/03 the City intends to use part of its budget allocation to undertake to rehabilitate and equip the facility so as to bring back the slaughterhouse into full operation and also guarantee the safety of personnel working in the facility. The City intends to explore the possibility of constituting a Board of Management to run the facility as a well-managed facility will open up the livestock value chain by providing local and international market.
