Republic of Kenya

County Assembly of Kisumu

Debates of the Assembly

Motions:

1. *Continuation on Deliberation of the ISUD-Plan.*
2. *Kisumu County Fiscal Strategy Paper (CFSP), 2015.*

HANSARD

Wednesday, 03rd June, 2015.

Afternoon Session

Time: 02:30 pm

First Assembly Second Session No. 53

Table of Content

Motions:

1. *Continuation on Deliberation of the ISUD-Plan_____ 4-30*

2. *Kisumu County Fiscal Strategy Paper (CFSP), 2015____ 30-40*

Addendum

Wednesday, 03rd June, 2015.

Afternoon Session

Time: 02:30 pm

(Prayers by Mr. Speaker, Hon. Elijah Omondi)

Motions:

1. *Continuation on Deliberation of the ISUD-Plan (Integrated Strategic Urban Development Plan)*

2. *Report from Joint Committee of Budget and Appropriation and Finance Committee on the County Fiscal Strategy Paper, 2015*

Mr. Speaker: Order Hon. Members, I want to call upon the Clerk to take us through the Order Paper of today's business.

Asst. Clerk to Assembly: This is first Assembly, third Session order paper No. 53 of Wednesday 03rd June, 2015 at 02:30 p.m.

Asst. Clerk to Assembly: Order No. one**, Administration of Oaths**

Asst. Clerk to Assembly: Order No. two, **Communication from the Chair.**

Mr. Speaker: Hon. Members, I have two communications to make. There will be a members "Kamukunji" tomorrow as from 11:00 am, this will be a Speaker's "Kamukunji" for one hour.

Two, I want to take this opportunity to welcome one Hon. Member from Busia County, Hon. Vincent W. Obisa who is the Chairman for Planning, Trade and Co-operatives, Tourism and Industrialization, Hon. Member welcome to Kisumu County and feel at home and I want to assure that your presence in this Assembly is a big honour. With Hon. Members who accompanied Hon. Obisa are the following Officers from the same County, Julius Musa, Surveyor, Chrispinus Mageni, Clerical Officer, Alice Wepukhulu, Surveyor Assistant, David Luyanga, Works Officer, Ken

Nabulindo, Town Manager of Busia, last we have Victor Onyango, who is an Accountant with Busia County. You are all welcome and feel part of our Assembly.

Mr. Speaker: Next Order!!

Asst. Clerk to Assembly: Order No. three, **Messages.**

Mr. Speaker: Next Order!!

Asst. Clerk to Assembly: Order No. four, **Petitions.**

Mr. Speaker: Next Order!!

Asst. Clerk to Assembly: Order No. five, **Papers.**

Mr. Speaker: Hon. Jane Omollo are you standing?

Hon. Jane Omollo: I am crossing Mr. Speaker Sir.

Mr. Speaker: Next Order!!

Asst. Clerk to Assembly: Order No. six, **Notices of Motion.**

Mr. Speaker: Notices of Motions? Any Notices of Motions, Hon. Charles Aguko!!

Hon. Charles Aguko (Chairman, Planning, Housing and Industrial Development Committee): Mr. Speaker, I had already give a Notice of Motion in the morning and this is a continuation of deliberation on the ISUD Plan which is the same debate Mr. Speaker.

Mr. Speaker: That is in order, any other Notices of Motions?

Mr. Speaker: Yes Chairman for Budget and Appropriation.

Hon. Willis Ogonyo (Chairman, Budget and Appropriation Committee): Thank you Mr. Speaker. Mr. Speaker, I rise to move a Notice of Motion of Joint Committee Report on the Kisumu County Fiscal Strategy Paper, 2015, thank you./

Mr. Speaker: Next Order!!

Asst. Clerk to Assembly: Order No. seven, **Statements.**

Mr. Speaker: Next Order!!

Asst. Clerk to Assembly: Order No. eight, **Commencement of Business,**

Motion:

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.

8. Continuation on Deliberation of the ISUD (Integrated Strategic Urban Development Plan)

Mr. Speaker: Hon. Members, we continue from where we left in the morning, Hon. Maurice Aloo.

Hon. Maurice Aloo: Thank you Mr. Speaker. Mr. Speaker, I stand to support this motion and I want to say that if you go through this report Mr. Speaker, this report is quit detailed because it is touching on all sectors of our economy as a County. Mr. Speaker, it is touching on Land which is a factor of production, it is touching on our Population, it is touching on our Transport, Housing and other key areas Mr. Speaker. It goes further to touch on our Markets and may other Mr. Speaker.

Mr. Speaker, it is true that as a County and a Town we need Ablution Blocks/Toilets which is well capture here Mr. Speaker, because what we have currently is not adequate. Mr. Speaker, if you take a walk around our town, the only ablution block that we have is the one at Kenyatta Sports Ground and around the Bus park Mr. Speaker, we need many other. Mr. Speaker, we need Recreational Centres spread across the town. We need to improve on our roads, we need streetlights because currently we don't have enough Mr. Speaker.

Mr. Speaker, as it has been mentioned by one of my colleagues, if you drive along Kisumu Road the streetlights extend up to Nakumatt Supermarket, and we need streetlights beyond that part, if possible even past Nyamasaria. Mr. Speaker, we need streetlights along Kakamega Road, Busia Road and all our roads leading out of Kisumu Mr. Speaker. Mr. Speaker, we need Social Amenities and those are well captured here Mr. Speaker. Mr. Speaker, I want to go further and say that as we implement these policies, there is need to Zone our towns Mr. Speaker as opposed to currently. Mr. Speaker, currently is that we have everything everywhere if you allow me to use that term Mr. Speaker. I want to go further to say that since the inception of the County Government the biggest achievement that we have had is the removal of traders from Oile Market. Mr. Speaker, if we could go beyond that Mr. Speaker, I know that is not going to go well with one of my colleagues, but sometimes as a leader, certain hard decisions have to be made Mr. Speaker. So, that is one of the best achievements we have made so far..

Chief Whip (Hon. Isaya Onyango): Point of order Mr. Speaker!!

Mr. Speaker: Granted to the Chief Whip.

Chief Whip (Hon. Isaya Onyango): Thank you Mr. Speaker. Mr. Speaker, is it in order for Hon. Members especially Hon. Aloo to continue talking of Oile Market even after

we made several explanations stating that there is no market in Kisumu called Oile Market. So what is wrong with the Hon. Member?

Mr. Speaker: Hon. Maurice Onyango Aloo, be current don't be analogue.

Hon. Maurice Aloo: Mr. Speaker, I want to believe that I am very current. Mr. Speaker, there is Oile Market and I am sure Mr. Speaker that the Market I am sure of, all these Members are aware of. So, that is what I am talking about Mr. Speaker,.

Mr. Speaker: Which market?

Hon. Maurice Aloo: Mr. Speaker, Oile Market. Mr. Speaker, if you may allow me to continue?

Mr. Speaker: Granted.

Hon. Maurice Aloo: Mr. Speaker…

Hon. Kelvin Okoth: Point of order Mr. Speaker.

Mr. Speaker: Granted.

Hon. Kelvin Okoth: Mr. Speaker, Hon. Isaya and his team are the ones who know this and it is listed in this report that there is Oile Market. So, let him clarify?

Mr. Speaker: Order Hon. Oraro!! It was made in this House n the morning session that we do not have Oile Market.

Mr. Speaker: Order Hon. Ochele!! Which information do you want to give?

Hon. Moses Ochele: Mr. Speaker, I know money has been poured to finish me…

Mr. Speaker: Order Hon. Ochele!!

Hon. Moses Ochele: Mr. Speaker, I know the wrath of the Chair is massive, but if you want to be alive to the facts and going by the facts that you have uttered to Hon. Aloo, then I think the Chair is somehow sliding. Hon. Edwin Anayo, the Minority Chief Whip categorically stated that we have Oile Market behind Jubilee Market and he even cited where that place is and even made suggestions on how it should fit in this plan…

Mr. Speaker: Order Hon. Moses Ochele!! I dint agree with Hon. Aloo, because the Oile Market he is talking about…

Chief Whip (Hon. Isaya Onyango): Point of Information Mr. Speaker?

Mr. Speaker: What do you want to explain Hon. Whip?

Chief Whip (Hon. Isaya Onyango): Mr. Speaker, first I want to tell Hon. Ochele that all the time please let them take time to go through the document, then you will gather all the information that you may need. You will know where Oile Market was and all other issues pertaining to that. Again on what Hon. Ochele is saying Mr. Speaker, he is right this is according to explanations of Hon. Anayo, but what on. Aloo way saying is that the Oile market was removed from the park, and that is what I was explaining. The market is there.

Hon. John Olum: Point of Order Mr. Speaker?

Mr. Speaker: Granted to Hon. Olum.

Hon. John Olum: Thank you Mr. Speaker. Mr. Speaker, I don't want to blame Hon. Members because majority of them are new in town. I want to tell you the true picture of events to allay those confusions. When I heard it and as somebody who has been here earlier and worked with the former defunct local authority for long and I also had the opportunity to hold office a Chair of Housing.

Mr. Speaker, the name Oile, I know that you are talking of Oile Market, but the name which was gazetted was Oile Market/Park. Oile market is the one explained by Hon. Anayo is the one inside the Jubilee Market. So, Members, don't talk about the name it is the Market inside Jubilee.

Hon. Moses Ochele: Mr. Speaker, that is very misleading, we cannot have Oile Market/Park, unless you want to make members more confused.

Mr. Speaker: Order Hon. Ochele!!!

Mr. Speaker: Hon. Maurice Aloo!!

Hon. Maurice Aloo: Allow me to continue Mr. Speaker, Mr. Speaker, for record purposes, this particular one I am talking about is Oile Park I think that is what Hon. Isaya wanted to put clear. Finally, I want to say that the biggest achievement that we have made as a County since the inception of the County Government was the removal of traders from Oile Park.

Mr. Speaker, if you go to that place today, you will be impressed and I wish that many more of such actions can be emulated in other placed Mr. Speaker. Mr. Speaker, before being interrupted by Hon. Achayo I was in the process of saying that the biggest achievement that we have had so far as a County Government is the removal of traders from Oile Park and I would have wished that same exercise to continue all over town so that we have a clean town Mr. Speaker. Mr. Speaker, if you walk along our streets today and particularly Jomo Kenyatta Highway, we have total

confusion because if you look at those Kiosk Mr. Speaker, they are an eyesore. We have many more that we need to undertake as a County, now that this important report is before us Mr. Speaker…

Hon. Caroline Agwanda: Point of Order Mr. Speaker.

Mr. Speaker: Granted.

Hon. Caroline Agwanda: Mr. Speaker, I get scared simple because of the sound I am getting from the debating machines. Can the guy in-charge of Hansard explain to us what is happening, because it is like we are going to get burned in the next minute Mr. Speaker? You know that I have 1 ½ legs I can end up losing both.

Mr. Speaker: Hon. Agwanda, the Hansard person is not allowed to speak in this House, unless you want to convince me that you are not safe?

Hon. Moses Ochele: Point of Information Mr. Speaker?

Mr. Speaker: Information to whom?

Hon. Moses Ochele: Mr. Speaker to the House.

Mr. Speaker: The House does not need your information.

Hon. Members: Mr. Speaker, we need!!

Hon. Moses Ochele: Mr. Speaker, they need!! Mr. Chair, can you chair a session and debate at the same time?

Mr. Speaker: I know you have a problem with the Chair.

Hon. Moses Ochele: I don't have a problem with the Chair, but the chair has a problem with itself.

Mr. Speaker: Order!! Order!!

Hon. Moses Ochele: Mr. Speaker, if the House has requested for information, how can you rule that they House does not need it without consensus? Have you put it to a vote?

Mr. Speaker: Hon. Moses Ochele!! You are protected, please continue.

Hon. Moses Ochele: Mr. Speaker, I heard Hon. Agwanda requesting the guy in-charge of Hansard to tell us what is wrong with the debating gadgets and why the gadgets producing alarming noise and your response is that the Hansard person cannot be recognized in this House of cannot speak in this House Mr. Speaker. Mr. Speaker, the

same could have applied when you were reading your Communication from the Chair where you even recognized people in the gallery. Mr. Speaker I have never seen in any Commonwealth Parliament where a speaker recognises audience in the Public Gallery. We assume that they are not here and not part of us and if they want to be recognized Mr. Speaker, then it means that you could as well give them chance to contribute. If any communication was to be done to that effect Mr. Speaker, it should have been done through the leadership of the House but not the Chair and by just appreciating them for visiting the County and we have visitors and not to the extent that the Speaker recognizing strangers in our midst Mr. Speaker.

Mr. Speaker, if you recognise them, if anyone of them has anything to say then accord them chance…

Mr. Speaker: Order!!

Mr. Speaker: Hon. Chief Whip.

Chief Whip (Hon. Isaya Onyango): Mr. Speaker, we are not going to accept Members to mislead this House. Our guests from Busia County are special guests, they are also Hon. Members, and in any commonwealth state where is any Member of Parliament goes on a special mission or a visitor he/she must be recognized by that Member state.

(Applause by Hon. Members on the remarks made by the Chief Whip)

So whatever the Speaker has done is accordance with the Commonwealth Law. Mr. Speaker now I can see why you don't accord him chance to contribute because he can embarrass the House.

(Hon. Members amused on that light touch by the Chief Whip)

Mr. Speaker: Hon. Aloo please conclude, you must know that some of us a Hon. Olum said are new in the City.

(Hon. Members amused on remarks made by the Speaker)

Hon. Maurice Aloo: Mr. Speaker please allow me to conclude. Mr. Speaker, sometimes you go against the Standing Orders of this House but we must know that your ruling is final, but the point Hon. Ochele was raising is the case.

Mr. Speaker, as I conclude, for us to achieve all these as a County, we need serious Planners Mr. Speaker and not the ones we have currently. We need very serious planners to get us out of this mess. Where possible we should assign because you remember when I talked of zoning of the town…

Minority Whip (Hon. Edwin Anayo): Point of Order Mr. Speaker.

Mr. Speaker: Hon. Minority Whip.

Minority Whip (Hon. Edwin Anayo): Thank you Mr. Speaker. Mr. Speaker, I think Hon. Aloo has talked of a very important point and the only thing that is not placed well because when you talk of us having planners and they are not serious, is different from us not having planners. Mr. Speaker, the whole of Kisumu County we only have one Planner who is based in Kisumu City and very serious and the only problem is that she is only one and she is very young and of late she has even grown thin.

Mr. Speaker, we are requesting that what can be done to the County, that besides the City Planner, we need to engage planners in every Sub-county so that development can be controlled. Mr. Speaker, you remember when Hon. Caroline talk of petroleum stations mushrooming everywhere, we were shocked when we were with the Planner and she was not aware of such ventures. So, we are trying to say that we need more planners and we don't have them, we only have one in the whole county, thank you.

Hon. Maurice Aloo: Hon. Anayo, thank you for that information. I was saying that in this case serious planners and you remember in my contribution I mentioned at one point that we need to zone our towns. I want to further suggest that where possible, Engineers be assigned these zones so that they can be held responsible for any mess that the County comes across.

Finally, Mr. Speaker, we need to create an environment that will attract partners. With these partners we will move far beyond what we have achieved so far. Mr. Speaker, we have not created an enabling environment for partnerships and we need to think and move along that line so that we create a suitable environment for partners and if there s any possible support so that we get out of what we are in currently, thank you Mr. Speaker.

Hon. Caroline P. Owen: Mr. Speaker I need clarification?

Mr. Speaker: You seek clarification from whom?

Hon. Caroline P. Owen: From the speaker who has just resumed or the immediate former speaker. It may come from your chair?

Mr. Speaker: What is it?

Hon. Caroline P. Owen: Mr. Speaker just had about zoning and planners. In was a bit worried because we have a City with a City Planner or a Vice or Deputy City Planner, but about zoning where Planners are being posted and I was looking at this report

and it talks about posting planners to such zones, I don't know whether it is similar to what I just heard, or within the City itself we need more planners or in the Zones, that is what I did not get clearly. So, that this report and the ISUD Plan that we are discussing we do not begin to confuse things that are already in the report. So, I need clarification. Whether the Planners my colleague was talking about are going to be posted in Zones, or whether they are going to be City Planners or County Planners?

Mr. Speaker: Hon. Aloo.

Hon. Maurice Aloo: Mr. Speaker, let me clarify what I meant. Mr. Speaker, if you look at the current planning of the town, like my colleagues said we only have one City Planner. Mr. Speaker, I would like to say previously we had planners, but we have not seen any impact on the ground. So, as they post these other planners to the Sub-counties, other should be posted in specific areas like in town here so that they are liable in-case of any mess. This is opposed to the current situation where one officer is answerable to the entire County.

Mr. Speaker: Order!! Order!! Hon. Aloo. Hon. Caroline wants to know what these specific zones you are talking about.

Hon. Maurice Aloo: Mr. Speaker, this was a proposal because I was saying that if we could do an areas specifically for industries, we do an area specifically for garments, we do another area for electronics, we do another area for residential, that is what I meant by zoning. I went further Mr. Speaker, and explained to her, that we need to go further and post planners to these areas, so that if there is a mess in that particular areas Mr. Speaker, then that particular Planner is responsible, as opposed to the current situation where we have an entire mess in the whole town and nobody is coming up to address it, thank you.

Mr. Speaker: Hon. Oyugi Were.

Hon. James Were: Thank you Mr. Speaker. Mr. Speaker, I rise to support this report, Mr. Speaker, the Committee has done a commendable job and as we support this report of the ISUD, the County needs to undertake a lot of research.

Mr. Speaker, when we visited Singapore last year, we realized that we as developing countries we are still lagging behind. Mr. Speaker, a city or town needs serious planning, because if you look at Kisumu currently, industries are clustered everywhere, you go to Nyamasaria, you will find industries, you go to Kondele it is the same. Mr. Speaker, it is proper if we prioritize and put our industries in one place, if we can have Industrial Area where all these industries are located, that would be well for our County.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.11

Mr. Speaker, residential places, our planers should have specific houses to be designed for specific areas, so that we don't just build any other house anywhere within the County. Mr. Speaker, our planners should also plan for institutions, cemeteries, dumpsites, recreational sites, sporting facilities and markets. Mr. Speaker, in Kisumu City markets and stall are everywhere and you cannot differentiate which market is where. Mr. Speaker, it is high time as we put this new plan in place, our accounting officers who are tasked with the welfare of planning, should think about doing serious things. Mr. Speaker, I just visited Kigali, Rwanda last year in the month of December, and while I was in Kigali, you can realize that you are in a City and the City is planned in a way that when it comes to maintenance of the city becomes easier. The same thing should be done here in Kisumu so that we can have our bus park outside the city centre, we can have the "boda-boda" parks constructed, we can have the "matatu" terminus so that we clear the city, because as we plan our city Mr. Speaker, it comes with goodies, we will be attracting investments, we will be able to manage the city and keep it clean. Mr. Speaker, I want to support this report and if I refer to page 10 of this report No. 2 on Recommendation, is talking about the ISUD Plan is a Strategic Plan which provides a framework for Kisumu growth and development.

Mr. Speaker, matter of compensation during implementation of this Project will be addressed by respective investors. So, Mr. Speaker, as we plan, I want to urge this House that me as the representative of Nyalenda "B" Ward I am one of the beneficiaries and I think very soon, the KUP is in the process of rolling out projects in my Ward and I would like the developers to take interest of the people at heart so that my people are not affected so that they get a life-line, or they get their places compensated, a matter that is communicated here is something to go by, thank you Mr. Speaker.

Mr. Speaker: Hon. Moses Ochele.

Hon. Moses Ochele: Thank you Mr. Speaker. Mr. Speaker, I stand to support this motion and before I highlight my areas of concern, I want to say that as I enter this House I enter a House which is guided by the principles of law and laid down procedures Mr. Speaker. The custodian of the laws and procedures of this House, is the Speaker and if you move away from this, then a voice will be shouting and the rest will be quiet but at the end of it that voice might be right. So, Chair guide as well and follow the law as it is.

Mr. Speaker, I want protest about this report and the Committee of Planning has done a splendid job/. Mr. Speaker they have taken their time, went through the entire document and they have come up with such a wonderful report. No wonder since

morning nobody has raised a finger against this report and I want to commend them for that. Mr. Speaker, when we talk of planning, then number one factor which we must underscore is the factor of land. You cannot talk of Physical Planning when you don't give priority to land. Mr. Speaker it is correct to say that Kisumu Government owns only 6.4 of all the land in this County Mr. Speaker and if the Government is planning based on the 6.4 then whatever that is contained in this document might not be realized and when you are talking of planning and you incorporate land as a key component, then we must know that land does not expand, land is static. So, the only thing which can expand and can move, are things which are planted or constructed on land.

Mr. Speaker, as we speak today, the city of Kisumu is virtually full and for this plan to be realized, we must accept that some houses will fall, we must accept that some schools will be closed, we must accept that some storey buildings will have to come down, the same way they went down when the Nairobi-Kisumu Highway was being constructed Mr. Speaker. These are the pains which come with planning and planning has never been friendly and planning is an enemy of people who don't believe that planning can bring change Mr. Speaker. Mr. Speaker, if you want a good thing, and you put the effort that I must achieve a good thing, you do it with your eyes closed and accepting any verdict or outcome on the planning Mr. Speaker. Mr. Speaker, this will include even the grave of my grandfather, if it has to be moved for the sake of planning then I will have no objection because even the dead have eyes, if a good thing has happened where they are buried, they will say they have done a good job, allow myself to be relocated and this is the spirit of planning. Mr. Speaker, when you are planning, you are not planning for yourself, you are planning for posterity and when you are planning for posterity, you should plan as one philosopher said that when you are planning, when you pick a pen, you reconnect you mind and sit down to plan Mr. Speaker, you should plan like you are never going to die. Why are we saying that like you are never going to die, because you are not planning for the life span God gave you, but planning for the entirety of other Mr. Speaker?

Therefore, I say that Members of Kisumu Assembly when implementing this report, then let us accept the negatives that will come and we cannot avoid them irrespective of our traditions, religions or of our status in the society. Mr. Speaker, the major issues which has been tackled by this plan Mr. Speaker, is the issues of Housing. Going around this City you will realize that we have so many private houses, these house are just too old. Mr. Speaker if this Assembly can come up with a policy to advice the owners of these parcels t bring these buildings down so that modern structures can be brought up, those are the assets of planning and developments.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.13

Mr. Speaker, in terms of public houses, if you go down counting which co-operative has the Kisumu City houses, you will realize that they were built before Kenya got independence and where are they situated, right at the centre of the city. Mr. Speaker, one, the populace has grown, how are we taking care of this growing populace? We should take care of them by providing proper housing and if need be, some of these houses must be brought down so that we introduce skyscrapers, like we saw in Singapore. Mr. Speaker, if we still do the same houses we have been doing since independence, then we are not ready to accept that our population is not static.

Mr. Speaker, another area that we must lay emphasis on as I heard the Chair touch on, is that we cannot talk of a city and we don't put into consideration that any beautiful city must be green. So, in planning we must be prepared that some people will have to be relocated to give room for tree beds Mr. Speaker. We need a green city, there are section of this city that must be demarcated specifically for green formation.

Mr. Speaker, we also talked of Social Amenities, it is highly overemphasised in the report that the current Social Amenities that we have in the City are overstretched. These are from Schools, Health Facilities, Storage Areas, these were facilities put up when the population of this City was around 100, and of late the city has grown towards 1 million with the same facilities. When you talk of drainage a proper drainage facility, how do you come up with that without interfering with the populace? We have to extend the length and breadth of some sewerage lines and this will compel us to encroach into certain areas. Mr. Speaker, if the citizenry of Kisumu County are not ready and are not prepared to accommodate such eventualities Mr. Speaker, then nothing based on ISUD will be realized.

Finally, Mr. Speaker, we have talked at length about land grabbing, we have many lands to our knowledge belong to Kisumu County Government, but if you go to the records to-date, the title deeds are reading different names from the intended names of Kisumu City Mr. Speaker, one such land is where the garbage is. If that garbage can be relocated today, you will realize a big perimeter wall going round it, because simply it does not belong to Kisumu City anymore. Mr. Speaker, for us to rectify this, because it is not just one, they are several, then Mr. Speaker through the same Committee, we must request them to bring to us these land that has been encroached or grabbed so that necessary action can be taken to an extend that when we want to reply or implement this ISUD Plan, then we start from our land before we go to the land bank Mr. Speaker. Otherwise we will be buying more land and giving room for grabbers to grab them and at the end of it all Mr. Speaker, ISUD Plan will just be like any other plan which will be swept under the carpet and another plan will come Mr.

Speaker. Mr. Speaker, this plan is not just a plan for KUP this is a wonderful plan which can attract several donors, and if donors come for such a plan, you must prepare to have sufficient land, thank you.

Mr. Speaker: Hon. Osano.

Hon. Joseph Osano: Thank you Mr. Speaker. Mr. Speaker, please protect me from my fellow colleagues.

Mr. Speaker: You are protected.

Hon. Joseph Osano: Mr. Speaker, I rise to support this strategic plan by the following few words Mr. Speaker. Mr. Speaker, planning is a very important tool in the society, because I fail to understand us as society we have a planning docket here Mr. Speaker who are aware of some of the value of planning Mr. Speaker. Mr. Speaker, in Kisumu County as we speck now, there is no estate and there is no residential estate without a Guest House Mr. Speaker. Mr. Speaker, what am I trying to say? As much as you want us to do planning, we are the same people who are messing up these plans Mr. Speaker.

Let me give you a very good example Mr. Speaker, there is an estate known as Mountain View, this is an estate which is known, inside this Estate we have 3 guest houses Mr. Speaker. Mr. Speaker, if you look at this report which I like very much Mr. Speaker, it should have been done like yesterday. Today if you go to the Planning Office Mr. Speaker, they are the ones approving these plans Mr. Speaker. Mr. Speaker, go to Milimani today you know very well around Central Primary there is a guest house, and if you go there these people are bringing down these houses, they are putting up very big hotels Mr. Speaker, and at the same time there are residential houses there Mr. Speaker. Mr. Speaker, what are we trying to do, are we not trying to mess up our city Mr. Speaker.

Mr. Speaker, I am privileged to see what Migosi was supposed to be Mr. Speaker, Migosi was a residential site and if you go there now, you will be astonished Mr. Speaker. Why am I saying this, if you have your house and school going children, besides your residential house these is a guest house, Mr. Speaker, are we really doing what we are supposed to do? The reason I want to say this Mr. Speaker, now we are just about to approve this ISUD Plan Mr. Speaker, you go to the Planning Office 2 months from today, you will see these same planners approving these plans and structures Mr. Speaker.

Mr. Speaker, it is high time we do things and mean what we say Mr. Speaker. Mr. Speaker, in town here we have a very big chunk of land Mr. Speaker, it is high time as

a County Government because we are allowed to develop our land by the use of this plan, it is high time we start relocating these people, because when we relocate these people we get land to expand and improve on our infrastructure Mr. Speaker. Mr. Speaker, as I talk to you know, the same thing will happen and this is land grabbing which is the same thing that happened at the "Kachok" Dumpsite Mr. Speaker.

Mr. Speaker, there is a very good estate here called Railways Estate, and everybody knows what has transpired there, this was an estate that was supposed to house employees of Railways, if you visit that estate today, there is a big factory there, it is like an agricultural land, there are even plants coming up inside that estate. Mr. Speaker, very soon Kisumu is going to be a slum area. So, it is high time Mr. Speaker that we start today and we correct what happened in the past, like I know Hon. Members what was said the other day on the issue to do with Arina Estate, I know people wanted to grab it, but at times it is very painful and we have to accept that when we are planning, some people must cry for other to laugh. Otherwise I support this report Mr. Speaker, thank you.

Mr. Speaker: Hon. Ogosi.

Hon. Aggrey Ogosi: Thank you very much Mr. Speaker. Mr. Speaker, I rise to support this report and Mr. Speaker allow me to add my voice to those of my colleagues. Mr. Speaker, a lot has been said about this report. Mr. Speaker, first allow me to say that this is a very technical document. Two, that the Committee did not help either by making the report a little simpler for some of us to understand. Mr. Speaker, the two documents are technical, the report is technical and also the ISUD Plan is equally technical.

Mr. Speaker, I have the following simple observations to make as a layman Mr. Speaker because the report is technical. Mr. Speaker, to the extent that the ISUD Plan is seeking to reclaim and take the shores of our lake then that I support, Mr. Speaker, that the plan is seeking to address the perennial mushrooming of kiosks in Kisumu County of different shapes and colours Mr. Speaker, I support. Mr. Speaker, to the extent that it is seeking to address the perennial drainage problems in the City of Kisumu, I support. Mr. Speaker, to the extent that it is seeking to address the garbage menace in the County, I support. Mr. Speaker, to the extent that this ISUD Plan is seeking to take care of the future flow of traffic, both vehicles and people Mr. Speaker I support. Mr. Speaker, to the extent that it is seeking to recover grabbed public land I support. Mr. Speaker, the question that begs for answers, is that is the Kisumu County Government going to implement this? Because that is the big thing Mr. Speaker.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.16

Mr. Speaker, I remember when we were sworn in as representatives of the people and swore to pass Bills in this Assembly, I had proposed that the "tuk-tuks" and the motorbikes were soon going to pay tax Mr. Speaker.

Mr. Speaker: Order Hon. Khan.

(Hon. Aslam Khan bows thrice before the Hon. Speaker as he leaves the Chamber)

Hon. Aggrey Ogosi: Mr. Speaker, that is also out of order you are not supposed to bow more than once before the Chair that is a sign of disrespect Mr. Speaker.

Mr. Speaker: Hon. Members, there is something wrong with this House today, let us get entertained, please proceed Hon. Ogosi.

Hon. Aggrey Ogosi: Thank you Mr. Speaker. Mr. Speaker, the big thing in this is the Implementation aspect because I can recall, when we passed the first Finance Bill, 2013 it was proposed that we were soon going to begin to tax the "tuk-tuks" and the motorbikes. Mr. Speaker, what followed then there was a protect and what did H.E. the Governor do, he said that he did not know, and that he was not aware of the Finance Bill, 2013 Mr. Speaker.

Mr. Speaker, if this House is also going to become a victim of such decisions Mr. Speaker. Mr. Speaker, as a leader, the day you fear doing the right thing because of people Mr. Speaker that is the day you should resign. Mr. Speaker, we want to pass this ISUD Plan so that the Executive stop the blame game. Mr. Speaker, they have been saying that they cannot remove the garbage, they cannot relocate it because we have not passed this Plan. Mr. Speaker, today, we are passing the document, and we want that garbage out as soon as possible because this has been the blueprint the whole County has been waiting for Mr. Speaker, thank you Mr. Speaker.

Mr. Speaker: Hon. Ochieng' Gabriel.

Hon. Gabriel Ochieng': Thank you Mr. Speaker for according me this opportunity. Mr. Speaker, I want to say that I support this document and the report attached to it as laid by the Planning Committee. Mr. Speaker, let me allay the fear of Hon. Ogosi that this blue-print is not going to be implemented, we need to recall that the first page of the document has the picture of the Governor, that show that he has the consent of this blue-print, so, his fears should be put to rest.

Mr. Speaker, I want to say that we are going to pass this vital document and a lot has ben said on the content in this document which I don't want to dwell on, but I want to state it clearly that, this being part of our role as spelt out in Article 185 parts (3) and (4) of the Constitution of Kenya, that we should be approving plans and even

policies Mr. Speaker. I want to say that, these legislations have to be adhered to Mr. Speaker.

Mr. Speaker, we know that the Urban and Cities Act section 14 gives us the prerogative to constitute a City Management Board. We know that this document or this vital blue-print has to be executed Mr. Speaker, you know that the County cannot manage the City Mr. Speaker, that is why we want the House to approve this blue-print Mr. Speaker as a resolution of this August House that the City Board should be constituted within the next 3 weeks Mr. Speaker. It has been a cry of this House and even resolved that we accord them 60 days instead of the 30 days stipulated in our Standing Orders for the reconstitution of the City Management Board, this has not been honoured until today Mr. Speaker. I would like that, let this be under recommendations as we approve this vital blue-print Mr. Speaker today.

Mr. Speaker, Hon. Farida Ahmed has been crying about the City Charter Mr. Speaker, and we know that the Constitution of Kenya is supreme above any other document. The Constitution and the Urban and Cities Act gives cognizance to our City of Kisumu, but Mr. Speaker we must get hold of the Charter which is a very important document that should be within our custody Mr. Speaker. We pray that after the reconstitution of the City Management Board, it moves a notch higher and implements what the Urban and Cities Acts Section 9 of the Act Mr. Speaker. So, that as we implement what this blue-prints spells out, we are found to be within the laws of the Country Mr. Speaker. Mr. Speaker, I pray that as Hon. Members have said, that any plan has to come with some costs, people have to cry Mr. Speaker, I pray that even those people in the rural setup of this County Mr. Speaker, they should now start to prepare themselves because we are likely to experience the urban-rural migration not visa-vie. Residents will begin to migrate from the City towards Ahero and Seme and they should embrace and accommodate our people as development takes shape Mr. Speaker. This is going to be the spill-overs of this blue-print that we are passing today Mr. Speaker. Mr. Speaker, I support this document and I pray as an MCA that represents the people of this City of Kisumu, that the House ensures that we approve this document and implement and transform our City.

Mr. Speaker, when we visited the People's Republic of China, we were told that there was the Old Guangzhou town and the new Guangzhou and there are some unique features that we as a County need to preserve and restore, I beg to support and I rest my case, thank you.

Mr. Speaker: Hon. Salome.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.18

Hon. Salome Lungafa: Thank you Mr. Speaker. Mr. Speaker, I rise to support this report and I equally like to commend the Committee for the good job done Mr. Speaker. Mr. Speaker, I have heard my fellow colleagues contributing on Kisumu City Mr. Speaker. Mr. Speaker, let us rectify our failures Mr. Speaker, and I think if we accept this report as it is going to be passed in this House Mr. Speaker, it is going transform Kisumu into a City Mr. Speaker. Let us not just talk here Mr. Speaker, because come tomorrow when implementation is to be executed based on this report Mr. Speaker, we will be the same Hon. Members who are going to move out to incite their constituents.

Mr. Speaker, I would like to urge my colleagues, because I know that when we will commence planning for this town to look like a real town Mr. Speaker, there are structures that are going to be brought down and I am privy to the fact that as a Hon. Member, we will go outside to incite the public to gang up against planners who are carrying out their duties to transform Kisumu County Mr. Speaker. So, I support this report, but would like to urge my fellow Hon. Members to lead from the front to leave by the codes of what we say in this House for the sake of transformation of Kisumu City. Mr. Speaker I know that as we walk here and there Mr. Speaker, if you see opposite Aga Khan, there are many structure opposite the hospital which resemble "Jua-Kali" Mr. Speaker, these are structure within the City. So, Mr. Speaker, I support this report, as we pass it, let it move outside to make this town clean as we have travelled to foreign countries i.e. China, Singapore and Israel, we need to emulate their systems Mr. Speaker, and I want to urge you for Kisumu City, let it b e a City by example Mr. Speaker and thank you I stand to support this report.

Mr. Speaker: Hon. Oyoo Pamela.

Hon. Pamela Oyoo: Thank you Mr. Speaker. Mr. Speaker, there is an issue ii would like this Hose to address before we approve this ISUD-Plan. There is an issue of wetlands that is in this report, how is this going to be addressed? Secondly, this Plan is going to address both Public and Private land, this concerns the Dumpsite at "Kachok".

Mr. Speaker, there is reliable information that the site has been grabbed by somebody else. Is that somebody going to use the City to relocate the garbage and he remains with the Public land? Or what are we going to do with the land at "Kachok"? I think this House is supposed to address this issue before we undertake to engage in the removal of the Dumpsite, thank you Mr. Speaker.

Mr. Speaker: Hon. Jacktone Onunga.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.19

Hon. Jacktone Onunga: Thank you Mr. Speaker. Mr. Speaker, we need to make history in this House. Mr. Speaker, this blue-print is comprehensive because it touches on all the aspects of development in this County and therefore I wish to call the mover to reply.

Mr. Speaker: Order!!

Mr. Speaker: Hon. Chief Whip.

Chief Whip (Hon. Isaya Onyango): Mr. Speaker, before the mover is called to reply, I want to add on something. Thank you Mr. Speaker for according me this chance to contribute.

Mr. Speaker, I was quiet because I am a member of this Committee, and I would like to thank Members for the contributions that they have made and the Hon. Members have recognized that Sir Charles Aguko is a competent Chairman who can come up with a document that is acceptable even with Hon. Moses Ochele. Mr. Speaker, this document is not a creation of Kisumu County, the ISUD is an international body, but they are assisting Kisumu County come up with a plan that will inform how Kisumu City will be in the near future if we like. Mr. Speaker, one thing I would like to say, I would like to echo sentiments of Members who have said that let us drive and delink politics out of this worthy cause, because if we associate politics with this blue-print, then it will be a bottleneck when it comes to the implementation aspect of this document.

Mr. Speaker, let us say that, if KUP (Kisumu Urban Project) want to implement any projects in town, they will have to go through this plan to give them guidance after its approval. So that, whatever they are doing must conform to what is spelt out in this ISUD-Plan. Mr. Speaker, for some of us who have had the privilege to travel, you have gone to other town and sampled how they manage their towns, in terms of traffic and growth and in terms of other infrastructures as buildings. There was a time when we were privileged to visit the Peoples Republic of China. If you want second-hand clothes, you will be taken to maybe Kibos, and if you want utensils, you will be taken to Kiboswa, so, this is what is proposed in this report.

Hon. Petronilla Omondi: Mr. Speaker, I would like some clarification?

Mr. Speaker: What clarification Hon. Petronilla?

Hon. Petronilla Omondi: According to what I have just heard the speaker talk about, I thought that we were discussing our own plan which is Integrated Strategic Urban

Development Plan. So, as we say it is sponsored, we don't have to make it international, it is not an international plan?

Mr. Speaker: You are right Hon. Omondi. Hon. Isaya, you talked of ISUD as an International Body, so that confused Members. ISUD means Integrated Strategic Urban Development plan, but is it international?

Chief Whip (Hon. Isaya Onyango): Mr. Speaker What I was trying to say is that we are relate ourselves internationally, so they are the ones who help us come up with this Plan. Mr. Speaker, if you go through this document you will realize that we have a lot of information and in relation internationally. So, the ISUD assisted us come up with this document. Thank you for that inquiry.

Finally, Mr. Speaker, Kisumu town in the heart of Nyanza and Western Province and therefore we must do something that will make Kisumu City look like a city.

Hon. Farida Ahmed: Point of information Mr. Speaker, there is a difference between a town and a city and this has to go on record, because this plan is intended for a City and not a town.

Mr. Speaker: That is correct Hon. Farida.

Chief Whip (Hon. Isaya Onyango): Hon. Farida, I will never oppose what you say. I know whatever you say I always take it serious. So, Mr. Speaker, what I am trying to say is that, if you read the history of Kisumu town before it became a City, and now it has become a City Mr. Speaker, you will realize that the Square kilometres as at then and the measurement now has a big variation and the populace then and the population now is also different. So, Mr. Speaker, I stand to support this document that the Hon. Members that have contributed, there is an element of relocating people from point A to point B, I think this will be dealt with when that time comes. I know there are issues of purchasing of land that will go hand in hand with this blue-print, because what if we want to relocate a school from point A to B, what will be the mechanisms to achieving this and I know as we are moving on, we are going to develop this document to a better document than what it is now, but as for now, I stand to support this blue-print, thank you.

Mr. Speaker: Hon. James Diang'a.

Hon. James Diang'a: Thank you Mr. Speaker. Mr. Speaker, I would like to make my contribution on this very important document. First, I would like to commend the Chairman of Planning and Housing Committee for a job well done and undertaking a thorough research on this issues. Mr. Speaker, what we are now awaiting for is the

implementation bit, and if you are being shaved you must be prepare to put water on your head.

Mr. Speaker, on the issues of relocation, building that were earlier not built to the required standards, it is a must that they be brought down and we don't have planners to help us like my colleagues have reiterated. We don't have Planners, but this is the first step, this document should have been the first blue-print to be brought before this House, and it would have been executed in the highest order that it deserves, thank you and I appreciate.

Mr. Speaker: Hon. Oraro.

Hon. Kelvin Okoth: Thank you Mr. Speaker. Mr. Speaker, it is just unlikely that I have received the blue-print which was the basis of this report. There was one clarification was seeked by Hon. Pamela Oyoo, and I felt that clarification should have been given.

Mr. Speaker, there are two issues, one, is the Wetlands and the other one that I have sighted here is us who are coming from the boundaries of the City, but we come from where we term as rural. So, we have sworn to adopt the organization that we envisage. Mr. Speaker, the issues of wetlands is not totally clear, and from the plan by ISUD, I wanted the Chairman for Planning to clarify much on the same Mr. Speaker. Mr. Speaker, I have seen it mentioned in the pages and I was a little bit worried, that is on page 20 of the ISUD-Plan. On page 20, despite that they were trying to bring the issues of wetlands, which falls in Kano Plains, when you read about it, and they were trying to clarify on page 24, and they were trying to give the true positions of these wetlands.

Mr. Speaker, the first one was around Dunga area, the other one as Nyalenda areas. Mr. Speaker, I would like to inform the Chair that if need be, that part to what they may term as wetland are some of the things that as a community, we have pushed and we have even moved a notch higher so that the place should not be declared as wetland Mr. Speaker. So when this report will be adopted, assuming this is a wetland, that any other person can come and own it or something can be done in the name of reclamation Mr. Speaker, I think we as a community we will not agree Mr. Speaker. Mr. Speaker, I don't know how they are going to alter these parts so that they leave the wetlands that belong to the Community of Kolwa, but it is a serious concern that I want to put so that the Chair can clarify it because we have gone far with this, and we want to say as a Community that this part of our agricultural extension land. Therefore we really need to protect it Mr. Speaker.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.22

Mr. Speaker, so let us not just agree through this ISUD-Plan but, if I was asked if I saw this booklet, I would say that I was given papers initially but after going through the blue-print…

Mr. Speaker: Which page?

Hon. Kelvin Okoth: Page 20 and 24.

Chief Whip (Hon. Isaya Onyango): Point of Clarification Mr. Speaker?

Mr. Speaker: Yes Chief Whip.

Chief Whip (Hon. Isaya Onyango): Mr. Speaker, in don't understand what Hon. Oraro is saying. He is talking about communal land, but we are in town, here there is no communal land. Please accept this Hon. Oraro, if you don't accept change, the change will change you.

Hon. Kelvin Okoth: Mr. Speaker, Hon. Isaya is a Member Representing Railways Ward, and he know well that we have elected Members representing different people from different areas. I represent the people of Kolwa Central Ward, and almost ¾ of the people I represent, are from the former local authority and they reclaimed the issues of Kolwa. I have people who undertake agriculture in my areas and in Railways Ward you don't expect to see that. So, Mr. Speaker, when I raise my concerns, we are the same people who are engulfed in the City boundaries and because we are in these boundaries, there are thing we do we do with caution. Mr. Speaker, for that reason I have raised and clearly shown where I think the Chairman would clarify…

Mr. Speaker: Hon. Petronilla what is the problem.

Hon. Petronilla Omondi: Mr. Speaker, the problem is that I am getting a little bit worried by the trend in which this contribution is taking, because I don't know who has an answer to that. Mr. Speaker, I thought that this was preparation for all of us, and therefore this is the time we need to talk to the electorate and prepare them, because we have just heard from Hon. Priscah this morning, and if somebody can reflect back on those years. Kisumu was a small little place where people were doing barter trade and therefore if we start going that direction, then I wonder where are the people who were occupying the Kisumu City that date and what can they say today. So, I don't think it is right for my fellow colleague to get us back to where we have come. We have discussed this issues since morning, and where he is taking to, is like he is taking us back.

Mr. Speaker, I know this is a difficult thing and people are going to cry and we have said it and share it. As I sit Mr. Speaker, I would also emphasize the fact that as we

pass this document, let us have the City Board constituted, let us have a condition that nobody can implement this document single-handedly. We need a City Board that wed can always be questioning, a Board the will always be responsible for issues that are going to take place. So, let that be part of the recommendation inside this report, thank you.

Mr. Speaker: Hon. Samuel Ong'ow you are up?

Hon. Samuel Ong'ow: Yes Mr. Speaker, as much as you may not want Hon. Oraro to speak about this issues. Of course I talked about this motion and indeed Mr. Speaker, you look at this document that we are discussing today, it will require a lot of information from the public and that is what Hon. Oraro is talking about. Looking at it and what I was stressing in the morning, look at the bulk of what we are discussing, what these people rea planning to do to the city we are talking about. It is from Osiri to Got Nyabondo and that is basically their map.

Mr. Speaker, again inside this particular document, you will get them talk about the sugar industries which is not even related to the plan. They are not able to tell us how this will also affect this vicinity they are talking about, they are not also telling us what they are intending to do outside this vicinity and they are only mentioning them slightly. This why Hon. Oraro is talking about that, but it is important that in the future that apart from this, this is just a simple Kisumu ISUD-Plan for this small unit within Kisumu County as much as they are touching on other areas. It will be important in the future for Kisumu County Government to undertake to do an Integrated Development Plan for the entire County. So, that when wed talk of anywhere outside here, say for example you are talking about something in Nyakach, then you will realize that then you will find that it relates to what is inside this particular document we are talking about.

Hon. Petronilla Omondi: Which page?

Hon. Samuel Ong'ow: Page 56, Mr. Speaker, as it is today, this is, we are talking about a very small unit which is also going to affect other areas which are not mentioned here, but according to development, it has brought it as it is, then automatically those who are going to be affected like areas of Hon. Oraro and other probably should have known they are going to be affected at point A to B, but here is a situation where this is not being mentioned.

Therefore, as the people's representative, he is right to express that on behalf of his people because it is not a matter of when to tell the people really what is going to happen. Mr. Speaker, if you go through this document well, it indicates that

immediately the Assembly approves this, it becomes operational immediately. So, it does not matter whether you are there or not, any investor is allowed to come and start investing in the County. So, it is also important that as we approve it, we also cite those areas where we feel that the citizenry will be affected so that they also get to know Mr. Speaker, thank you.

Hon. Kelvin Okoth: Mr. Speaker, I was concluding. Mr. Speaker, this is why I was bringing up this issues…

Hon. Gabriel Ochieng': Point of Order Mr. Speaker?

Mr. Speaker: Order!! Hon. Ochieng', Hon. Oraro is still on the floor.

Hon. Gabriel Ochieng': Mr. Speaker I think you are allowing this House to do some illegalities?

Mr. Speaker: Yes you are right I noticed that.

Hon. Oraro contributed to the same motion in the morning and now he is contributing twice.

Mr. Speaker: Yes you are right I noticed that, in the morning.

Mr. Speaker: Order!! Hon. Ochieng'. I gave them permission because they were given this document late. The reason why we adjourned was to allow member go through this document. I would allow Hon. Oraro to contribute twice because he is affected by this document.

Mr. Speaker: Order!! Order!! Order!! Hon. Members.

Hon. Kelvin Okoth: Mr. Speaker, the reason that has brought the legality because Hon. Gabbie is talking about illegality is because we know very well that when a report to be discussed should have been availed to members even before it is debated. I would have brought to the people to see…

Mr. Speaker: Conclude Hon. Oraro.

Hon. Kelvin Okoth: Mr. Speaker that is why we wanted these books but they were not enough. My clarification and I really seek to have given the Chairman to let him clarify and I would like to withdraw my support from this Mr. Speaker because this ISUD-Plan will never be brought back to this Assembly once we have passed it, once we are dome with it, it is done. The issues that I have brought are some of the issues that we have challenges here. We have the land office which issue titles, the city with their data there have various plan, and the other thing I can say, that most lands in

Kolwa area have titles that come from the Land Office, but the moment that you want to implement the ISUD-Plan, we are trying to give the County Government power to build so that they can have control of their planning. So, Mr. Speaker, we have gone to the Land's office on the issues that I have cited here, and I have brought that to your attention, I have presented it, I have to represent the people, so I am presenting issues that affect my people Mr. Speaker. So, when I bring up a suggestion Mr. Speaker, when draw attention of the Chair, I really want him to clarify.

Hon. Moses Ochele: Point of Order Mr. Speaker.

Mr. Speaker: Granted to Hon. Ochele.

Hon. Moses Ochele: Mr. Speaker, is it really in order after the Chair has sympathised with the Member, then instead of concentrating on the report he is taking a whole afternoon discussing "Nam thoi" and to the extend referring to my Ward Mr. Speaker. What has my Ward have to do with what affects his Ward Mr. Speaker? I think he is infringing on the rights of other people and I don't want my Ward being mentioned if my Ward is not part of the report that we are discussing Mr. Speaker. Mr. Speaker, may he withdraw that word and apologize.

Mr. Speaker: Order!! Order!! Let us dispense of this.

Mr. Speaker: Hon. Samuel.

Hon. Samuel Ong'ow: Yes Mr. Speaker, I did mention earlier and even contributed like Hon. Gabriel has said that it is the same motion and we cannot contribute again, but on information Mr. Speaker, it is like some of us have not looked at this document Mr. Speaker, that is the problem. One information that I just gave, the member is saying that, this does not affect his ward for example, and if you look at this document, please refer to page 124, because the areas being talked about is very clear, it is Osiri up to Mwere and that is what we are discussing, but again if you look at the plan, on the same page 124 on the potential development map, you will realize that there is moving an Airport to Awasi Centre..

Hon. Moses Ochele: I am talking about the ward I represent, East Kano Wawidhi…

Mr. Speaker: Order!! Order!! Hon. Ochele.

Hon. Samuel Ong'ow: Mr. Speaker, if you look at this one in the report, you really need to understand this.

Mr. Speaker: Order!! Order!! Hon. Ochele.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.26

Hon. Moses Ochele: Information he is giving is vague. He is talking about "Nam thoi".

Mr. Speaker: Order!! Order!! Hon. Ochele, let him give out the information that he has.

Hon. Samuel Ong'ow: Another potential areas in the map we are talking about Mr. Speaker, is Katito. So, we must speak and make an informed decision on these matters.

Chief Whip (Hon. Isaya Onyango): Point of Information Mr. Speaker?

Mr. Speaker: Yes Chief Whip.

Chief Whip (Hon. Isaya Onyango): Mr. Speaker, I have heard Hon. Oraro speak, let us not take a different dimension on this report. Thus is a very important report, and what I want to inform you is this, that you know within the law there is a component of Public Participation. This document here is just a proposal of what should be there, then after that if there is something to be done the way you are talking about Hon. Oraro, then there will be Public Participation, after that the public will have a right to say no or yes we want these projects or no. The main information here is that this is a document that will be guiding what will be happening in Kisumu.

Mr. Speaker, I know there is a reason why we want this ISUD-Plan not to pass, please don't do that, it will be hurtful to the Kisumu people I am telling you. Please get out of that mentality it is very dangerous.

Hon. Kelvin Okoth: Mr. Speaker, what I am seeking, I heard from my colleagues that I was reacting. You heard from me that I supported this report in the morning, then he talks about a meeting, let the Chair clarify, it is not a matter where we talk and just want to please a few individuals. You are the whip, instead of mobilizing people you are talking about a meeting. Mr. Speaker, let him know that this is a plan that once approved, this Hansard will be utilized everywhere that we are the same members who approved this ISUD-Plan and we have to address these issues before it is too late. We gave the Committee to give us a report, and the document were not adequate to identify some of the issues that we wanted highlighted, it is not about the Whip saying that we want to shoot this plan down..

Mr. Speaker: Order!! Chief Whip.

Chief Whip (Hon. Isaya Onyango): Mr. Speaker that is why I have said that there will always be a public participation, even if you want to put up what, there will always

be a public participation to be undertaken and having said that if the public has said we don't want this to be done, then it will never happen.

Hon. Jacktone Onunga: Point of Order Mr. Speaker.

Mr. Speaker: Hon. Onunga, I have given Hon. Olum the floor.

Hon. Jacktone Onunga: Point of Order Mr. Speaker, I have a lot of respect for Hon. Olum, and please when we are discussing this document let us be sober. Mr. Speaker, this document we are discussing here today, is very important and involves the people of Kisumu County. Mr. Speaker, we are not about to shoot this document down and "Nam thoi" is all about the life of the people of this County. Mr. Speaker, I want to say this, I know some people we come from the same constituency and have vested interest in "Nam thoi", and please can you allow the Chairman to clarify issues raised by Hon. Oraro, because we know that this is a House of rules and procedures, why do you have to intimidate members.

Mr. Speaker: I have heard you.

Mr. Speaker: Let me hear from Hon. Olum.

Hon. Gabriel Ochieng': Mr. Speaker, Point of further information. You know Hon. Olum, Hon. Kelvin and Hon. Onunga come from the sane areas and I would like to inform them before they contribute. Mr. Speaker what I want to inform my colleagues from the greater Kolwa is that what Hon. Isaya is saying, this is a document that is informing our people. There is a particular time an investor would like to come and invest, let us say that he wants to invest in "Nam thoi" area, he will come and do public participation, if they don't want that project to take place there then he can go because sovereign powers is with the people. Thank you.

Mr. Speaker: Hon. Olum.

Hon. John Olum: Thank you Mr. Speaker. Mr. Speaker, I want to tell members that let us not make this discussion as an affair of a particular area. We want to discuss a plan that is going to transform Kisumu City and expand the County. Mr. Speaker, before I say anything, why is it that things have gone wrong, is that the Chair did not provide members with adequate copies. You know we have two books here, we have this one and the major one we are discussing which is the ISUD-Plan, these were not provided including to me, Mr. Speaker it is wrong to see member talk differently but I have gone through this document and seen how this book looks like and we know we trust this plan. We were in Eldoret, but I want to say that we have to do some amendments. We pass it but we amend it, and I want to tell my colleagues from

Kolwa that don't get scared because what I know, is that "Nam thoi" is not a wetland, it is communal land and nobody is claiming that is a wetland, not when we are alive.

Mr. Speaker, from here, we just make amendments that there is nothing like wetlands within the City, these are community lands. So, Mr. Speaker, I just want to tell my colleagues that let us pass it and we make amendments that there is no wetland in the City.

Mr. Speaker: Hon. Caroline.

Hon. Caroline Agwanda: Thank you Mr. Speaker I would like to call the mover to reply.

Hon. Maurice Aloo: Mr. Speaker, before the mover replies.

Mr. Speaker: What is the proposal?

Hon. Maurice Aloo: Mr. Speaker, based on what the Hon. Members have said or talking about this document, one fact that is notable about this important document. On that note I want to propose that we extend this discussions until tomorrow Mr. Speaker so that we get copies to cite these important areas to enable us inform our constituents adequately before it is passed.

(Hon. Members consulting loudly)

Mr. Speaker: Order Hon. Members!! Order Hon. Members!! Order Hon. Members!!

Mr. Speaker: Before this matter was brought to the fore, Hon. Aguko pleaded with Members that copies were not there and nobody raised a hand for the debate to be allowed to continue. I am sorry that tour eyes are becoming open too late and we are not going back to where we passed, we are not going round in circles again.

Mr. Speaker: Hon. Ndolo it is time for you to debate.

Hon. Ndolo: Thank you Mr. Speaker, I also wanted to add my voice on this important report. Mr. Speaker, the report has come at the right time, because sometime last year, I had a chance to approach the Mabati Rolling Mills, and what I wanted this firm to do was to assist us in removing asbestos within the estates that we have in town, estates like Anderson, I was talking to the Minority Leader Eddie Anayo…

Hon. Priscah Misachi: Point of Order, Mr. Speaker Anderson was never an estate. Anderson when the whites were still here, it used to be for them to keep their horses, that was a place for keeping horses.

Hon. Ndolo: Thank you Mr. Speaker, I think she has jumped the gun, when I say Minority Leader we know only one Minority Party, because I am also a Minority Leader, what I was trying to say is that places like Makasembo, Ondiek Estate, Arina Estate. With this plan we believe that when we get strategic partners, we are going to put them down and come up with serious apartments and this will do away with asbestos that we know is cancerous.

Mr. Speaker, I don't want to bore the House with a lot of ideas, thank you very much.

Mr. Speaker: Hon. Agwanda, you can no call the over to reply.

Hon. Caroline Agwanda: Thank you Mr. Speaker, I would now like to call the mover to reply.

Mr. Speaker: Hon. Aguko.

Hon. Charles Aguko (Chairman, Planning, Housing and Industrialization Development): Thank you Mr. Speaker. Mr. Speaker, May I take this chance to thank the Hon. Members for their wonderful contributions since the morning session Mr. Speaker. May I also take this opportunity to thank Members of the Planning Committee, the likes of Hon. Isaya Onyango, Hon. Moses Ochele, Hon. Caroline Agwanda, and my able Committee Clerk Mr. Boaz Ouko. I know that I may not be allowed to take a lot of time to thank all of them, some members like Hon. Petronilla Omondi who are very competent.

Mr. Speaker, contributions have been very impressive, the Plan is good and wish to take this opportunity to highlight a few areas that I will ensure that are implemented. Areas like the coming up of traffic jam menace in town and this is also indicate in this report. The aging Estates like the likes of Anderson which were not meant to be estates like Hon. Priscah has mentioned, that it used to be a stable for horses by the whites at that time. It is good our students are here, they need to know that Anderson Estate used to be a stable for horses foe whites of that time.

Mr. Speaker, uplifting and rehabilitation of Markets i.e. urban markets which the report has given very good hopes. Blame games by the Executive in terms of parcels, Mr. Speaker, in our report you will read a portion where we recommended that the

planners brings forward the parcels that have been grabbed, the dumpsite, titles owned by grabbers, so that the Land bank that we were talking about could prevail.

Mr. Speaker, Members have really made good contributions and the Implementation Committee will make a follow-up and ensure that it is achieved. For a matter of information to the Hon. Members, I want to mention it here officially that the development partners concerned with this one are here in the County. The City Manager is taking them around and they are here with us and she has just mentioned to me that that Development partners are expecting an Adopted Report from this Assembly Mr. Speaker by tomorrow. It has been a very impressive deliberation and proceedings and I am very happy man Mr. Speaker that Hon. Members have taken this ISUD-Plan seriously. Mr. Speaker, with those few remarks thank you. Mr. Speaker I am praying that the Assembly adopt this ISUD-Plan Report.

Mr. Speaker: Thank you Hon. Aguko. Hon. Members, I now want to put a question, that Kisumu Integrated Strategic Urban Development Plan (ISUD-Plan) report be adopted and approved by this Assembly.

Mr. Speaker: As many as are of the opinion say "Aye"?

Hon. Members: "Ayes".

Mr. Speaker: As many as are of the contrary opinion say "Nay"?

(No response)

Mr. Speaker: The "Ayes" have it.

Mr. Speaker: Hon, Members, all your concerns will be taken to the City Manager to inform her of your concerns and also the changes you talked about like the mention of Oile park something like that, mentioning of Sugar Board which are not there, will be taken to the City Manager.

Mr. Speaker: Next order!!

MOTION:

Report from Joint Committee of Budget and Appropriation and Finance Committee on;

County Fiscal Strategy Paper, 2015

(Section 117 of the County Government Act) and (County Assembly Standing Order 206)

2. Kisumu County Fiscal Strategy Paper, 2015.32

INTRODUCTION

This joint committee was constituted when FISCAL STRATEGY PAPER for FY 2015/2016 was laid before the house and committed to the committee of Budget and Appropriation and committee of Finance. The joint committee deliberated through the document and invited chief officers and CEC members for the various departments within the county government to shade light on departmental proposals for inclusion in the 2015/2016 county budget as set out in the FISCAL STRATEGY PAPER.

Chief Officers for the following department's i. e finance, sports, education failed to appear before the committee and as such departmental positions as contained in the above mentioned documents were not verified.

LEGAL BASIS FOR THE PUBLICATION OF FISCAL STRATEGY PAPER

The Fiscal Strategy Paper is prepared in pursuant to Public Finance Management Act 2012 with responsibilities of the county government set out in section 117;

1) The count treasury shall prepare and submit to the County Executive Committee the County Fiscal Strategy Paper for approval and the county treasury shall submit the approved Fiscal Strategy Paper to the county assembly by the 28th February each year. The Fiscal Strategy Paper was submitted to the assembly within the stipulated time period i.e. 27th February 2015 however, there was no proof that the same had been presented before the County Executive Committee and approved as required by law.
2) The County Treasury shall align its County Fiscal Strategy Paper with the national objectives in the Budget Policy Statement. Whereas the Executive states in pg 2 of the Fiscal Strategy Paper for 2015/2016 that the CFSP in question compares well with the 2015 Draft Budget policy Statement presented to National Assembly for approval on various fronts the said 2015 Draft Budget Policy Statement is yet to be brought to the attention of the house for verification and approval.
3) In preparing the County Fiscal Strategy Paper, the county treasury shall specify the broad strategic priorities and policy goals that will guide the county government in preparing its budget for the coming financial year and over the medium term.

   This CSFP is focusing on the county government's seven pillars for sustained growth and are meant to help achieve the county's vision i.e. Agriculture and Food Security, Industrialisation and Enterprise Development, Tourism, Technology, Sports and Talent Development, Health and Education. The vision for this strategy paper is 'Economic transformation for the residents of Kisumu County'.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.33

4) The county treasury shall include in its county fiscal strategy paper the financial outlook with respect to county government revenues, expenditures and borrowing for the coming financial year.
   To this regard, the treasury complied.
5) In preparing the County Fiscal Strategy Paper, the County Treasury shall take into account the views of :
   a) The Commission and Revenue Allocation.
   b) The public
   c) Any interested persons or groups
   d) Any other forum that is established by legislation.

Towards this regard, compliance is notable for 'a' above.
Page 21 and 22 refers.

6) Not later than 14 days after submitting the County Fiscal Strategy Paper to the County Assembly, the County Assembly shall consider and may adopt it with or without amendment. The same was laid before the house within the 14 days period.
7) The County Treasury shall consider any recommendations made by the County Assembly when finalizing the budget proposal for the financial year concerned. It is towards this regard that the report is brought before the house for members input. The same shall be forwarded to the finance department for consideration.

Overview of County Sector Priorities

1) Department of Agriculture, Livestock and Fisheries

The objective of the sector is a revival of Agricultural Sector within the County to meet needs of food security and value addition. The main program for the sector aims at;

I. Improving effectiveness and institutional efficiency in service delivery.
II. Promoting sustainable land use, environmental conservation and climate change.
III. Increasing agricultural productivity and outputs.
IV. Increasing accessibility to affordable credit and Agricultural input as well as promoting market access and product development.

The document however fails to outline the strategies (activities) intended to be applied by the department to realize the objectives of the programs i. e, I, II, III, IV above.

2) Department of Industrialization, Enterprise Development

The objectives of the department are to facilitate creation of conducive business environment for enterprises to develop, and creation of enabling policies and infrastructure for industrial development. The main programs for the department in MTEF period 2014/15 to 2016/17 will be;

I. Administration planning and support programme.
II. Co-operative development.
III. Enterprise development.
IV. Industrial development.

The department outlines clearly strategies it intends to apply to achieve the above programmes. Page 17 of the document refers.

3) The Department of Commerce, Tourism and Heritage

The objective of the department is to offer high quality tourism products, facilities and services as well as an enabling environment for trade and investment to thrive. The main programs to be undertaken by the department include;

I. Provision of overall management and central administrative support services to the department.
II. Creation of conducive business environment for enterprise development and to facilitate competitive trade.
III. Enhancement of fair trade practices and consumer protection.
IV. Increment in the number of tourist arrivals and earnings from tourists.

The department however fails to outline the strategies intended to be applied by the department in order to realize the objectives of the programs above i. e, II, III, IV.

4) The Department of Health Services

The objective of the health department is to deliver its mandate of health services delivery to the people of Kisumu County through preventive, curative and rehabilitative services. The main programmes include;

I. Targeted investment in Community Health.
II. Scaling up primary Health care services at the Community level.
III. Scaling up curative services.

The document fails to outline the strategies (activities) intended to be applied by the department in order to realize the objectives of the programmes above.

5) The department of Education, Youth, Culture and Social Services

The objective of the sector is to provide and promote social equity to the residents of Kisumu County through Education, Youth and Women Empowerment, Sports, Culture and child Protection. The main programmes include;

I. Providing effective and efficiency service to the department, organizations and the public in Kisumu County.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.35

II. Providing quality pre-primary services to all children including the vulnerable and marginalized in Kisumu County.
III. Empowering the youth with appropriate and adequate vocational skills, knowledge and attitude to realize full potential for individual and national development.
IV. Showcasing, nature, developing sporting, cultural and arts talents and facilities to foster national unity and economic empowerment and main streaming gender and disability.

The document fails to outline the strategies (activities) intended to be applied by the department in order to realize the objectives of the programmes above.

6) The Department of water, Energy and Natural resources

The objective of the department is to facilitate provision of clean, sustainable, affordable, reliable secure water and energy for national development while protecting the environment. The main goals include;

I. Sustainability of water sources and resources, availability and access to water and sanitation services.
II. Raising the forest cover of the County for the provision of wood fuel, timber environmental conservation and conservation of Lake Victoria Bio-diversity.

The document fails to outline the strategies (activities) intended to be applied by the department in order to realize the goals above.

7) County Assembly

The document states that the assembly intends to construct a modern building that will provide an ambience conducive for its legislative functions in 2015/2016. However, this has since been moved to the executive for execution.

8) The Department of Physical Planning, Roads and Public Works

The objective of the department is to institute proper physical planning and infrastructure development that will support development in the County that are geared towards attainment of Vision 2030. The main programmes of the department include;

I. County Survey services.
II. Physical planning and Housing development.

The document outlines the strategies (activities) intended to be applied by the department in order to realize the objectives of the programmes above;

I. Identify, Survey and protect public land.
II. Prepare Kisumu County spatial plan and local physical development plans for markets, informal settlement and upgrading of houses.
III. Ensure all County roads are planned and building codes observed.
IV. Alleviate the conditions of dilapidated housing units to habitable levels.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.36

However, it is important to note that the department avoids being particular when it comes to the identity of the targeted service consumers.

9) The Department of Energy and Mining

The objective of the department is to facilitate sustainable provision of affordable, reliable, secure energy and mineral resources for national development. The main programmes for the department include;

I. Administration
II. Planning and support services.
III. Energy services
IV. County mining and Geology

The document outlines the strategies (activities) intended to be applied by the department in order to realize the objectives of the programmes above;

I. Providing efficient services to affiliated bodies/ departments.
II. Rehabilitating and sustaining energy facilities.
III. Streamlining and exploring mining activities within the County.

However, it is important to note that the department avoids being particular when it comes to the identity of the targeted service consumers.

10) The Department of Governance and Administration

The objective of the department is to provide strategic leadership, policy direction and set the agenda for achieving social economic and political development for the people of Kisumu County. The main programmes include;

I. General administration and planning services.
II. Management of County affairs and special programs.
III. Inter-governmental Relations.
IV. Communication and Protocol.
V. County public services.

The document outlines the strategies (activities) intended to be applied by the department in order to realize the objectives of the programmes above;

I. Improve service delivery through establishment of the sub-county and ward administration structures.
II. Address insecurity issues by establishing community policing.
III. Effective inter governmental relations.
IV. Improve public participation by constantly engaging the citizens.

However, it is important to note that though the department acknowledges that "I" above had been undertaken in 2014/15, it fails to outline which other activities are still to be undertaken with regards to the structures of the Sub-County and Ward Administration in 2015/16. For "II, III and IV," the document fails to state the strategies/ activities to be employed in achieving the desired output.

11) The Department of Finance and Planning

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.37

Finance and Planning is composed of County Treasury and the Department of Communication, Planning and Development.
The objective of the Treasury is to ensure maximum revenue collection and management of Public Financial Resources.
Among the activities to be undertaken by the Treasury are;

I. Revenue mobilization
II. Assets management services
III. Management of Public Financial Resources
IV. Budget formulation, Coordination and management services.
V. Public Debt Management.

The Communication Planning and Development Department will undertake the following;

a) Result tracking and evaluation system.
b) Capacity building and training
c) Formulation of County Planning Policy.
d) Establishment of information and documentation centres.
e) Marketing of Kisumu County; communication and citizen information; media relations and investments; and corporate social responsibility

Other than the intended introduction of electronic system of revenue collection to increase revenue collection as well as to minimise loss of revenue and the strengthening of audit department to support its oversight role in ensuring that firm are prudently utilized, the department fails to outline any other strategies it intends to apply to achieve the other targets notably, a), d) and e).

12) Kisumu City

The City is charged with the provision of public services to the residents of the city in the form of better Health care, improved urban environment, infrastructure development, early childhood education, and other services as provided in Section 21 of the Cities and Urban Areas act. The main programmes for the period of 2014/2015 – 2016/2017 include;

I. General Administration and Planning Services.
II. Revenue generation and management.
III. Early childhood education management.
IV. Promotion of preventive Health care services.
V. Environmental management services.
VI. Urban Planning and development.
VII. Kisumu Urban Project (KUP).

Other than an improved Revenue Enhancement Plan as a strategy to realize "II" above, the document does not outline any other strategies to be employed in achieving "III, IV, V, and VI" above.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.38

FINDINGS

1. The Fiscal strategy paper 2015/2016 depicts departmental activities as static rather than progressive i. e. It fails to base the 2015/2016 programmes on last year's performance.
2. The Fiscal Strategy paper lacks in general strategies to be employed by various departments to achieve their goals. One fails therefore to see how the intended goals would be achieved even if funded.
3. Lack of strategies is also a hindrance to effective oversight.
4. The Budget ceiling for the County Assembly is given as 520 million as opposed to CRA ceiling of Kshs. 533.
5. The County Fiscal Strategy Paper 2015/2016 refers to MTEF period as 2014/2015 while the correct reference should be FY 2015/2016 – 2017/2018.
6. The preparation of the Fiscal strategy paper 2015/2016 was not consultative enough as proven by the various chief officers distancing themselves from the departmental goals as outlined in the document when they appeared before the committee.
7. The County Fiscal Strategy paper 2015/2016 is largely a copy paste of the one for financial year 2014/2015. This can be evident by references made to MTEF period as 2014/2015 - 2016/2017 and departmental goals for the same period i.e. 2014/2015.

Recommendations

1. Departments other than department of Industrialization, Enterprise development are made to come up with strategies/ activities to be employed in achieving their goals.
2. Departmental goals for 2015/2016 be based on their achievements in 2014/2015 and the document should make reference to the same.
3. The Fiscal strategy paper 2015/2016 be adopted but with amendments.

Chairman: Hon. Willis Ogonyo Mindeu , 3rd June, 2015 and I request the Co-Chairman to second the report thank you

Hon. James Were: Thank you Mr. Speaker, I stand to second as laid by the chairman of the joint committee of Budget and Appropriation and Finance committee for the Fiscal Strategy Paper, 2015/2016 to be adopted by this House.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.39

Mr. Speaker (Hon. Elijah Omondi): Now that a report of the Fiscal Strategy for the Year 2014/2015 has been laid and seconded, I know want to propose a question that this House debate on the report.

Mr. Speaker (Hon. Elijah Omondi): Hon. Philip Edwin Anayo.

Edwin Anayo: Thank you Mr. Speaker Sir, the joint committee has laid a very special paper, and as we are aware we need enough time to discuss this Fiscal Strategy Paper yet time is not really on our side. I request that we adjourn and discuss this report tomorrow so that we can deliberate comprehensively.

Mr. Speaker (Hon. Elijah Omondi): Order Hon. Member, the report is in the business of today and it has already been adopted by the House. So, we cannot suspend the discussion of the report, it's my ruling that we go on with the discussion of the report.

Mr. Speaker (Hon. Elijah Omondi): Hon. Kelvin Odhiambo.

Hon. Kelvin Odhiambo: Thank you Mr. Speaker, we got a copy of the Fiscal Strategy Paper 2015 of which had been laid as papers in the House by the Leader of Majority (Hon. Samwel Ong'ow) on 3rd March, 2015 and I got an opportunity to go through it and I share the same view with the budget and appropriation committee. I agree with the Joint committee that the Fiscal Strategy Paper 2015 be adopted with amendments on the concerns raised by the Committee. The recommendations of the committee must be put in place.

Hon. Pamela Oyoo: Thank you Mr. Speaker, I rise to support the report by the Joint committee of Budget and appropriation and Finance committee for the good job done. The report is detailed and elaborative enough and I therefore support Mr. Speaker. Thank you.

Hon. Joseph Otiende: Thank you Mr. Speaker, I rise to support the report but I also want to recommend that the departments other than the industrialization and enterprise development be made to come up with strategies to be included in achieving their goals or objectives.

Mr. Speaker (Hon. Elijah Omondi): Chairman Budget and Appropriation Committee, have you got that amendment.

Hon. Willis Ogonyo (Chair of Budget and Appropriation Committee): Thank you Mr. Speaker, I have noted it and it is among of some of our recommendations of the committee. When the report will be taken back to the executive to deal with the amendments on the Fiscal Strategy Paper they also must include that. Thank you.

Mr. Speaker (Hon. Elijah Omondi): Hon. Susan Omollo.

Motion

1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)

2. Kisumu County Fiscal Strategy Paper, 2015.40

Hon. Susan Omollo: Thank you Mr. Speaker Sir, since the Fiscal Strategy Paper has been debated extensively, I now want to call the Mover to reply.

Hon. Willis Ogonyo (Chair of the Joint committee of Budget and Appropriation and Finance Committee): Thank you Mr. Speaker, given that this House has been very busy, this is a very component of the budget, the Fiscal Strategy Paper is very important hence as a committee and the House at large we want the Fiscal Strategy Paper to be sent back to the executive to include the amendments given by the House. It is my request that this report be adopted by the House and be taken back to the executive with amendments, otherwise I want to thank the House for discussing the report and accepting our recommendations as a committee, thank you Mr. Speaker.

Mr. Speaker (Hon. Elijah Omondi): Thank you Hon. Members, it is true if you go through the report tabled by the joint committee of budget and appropriation and Finance committee, the committee request that the Fiscal Strategic Paper be taken to the executive with amendments which are to be included in the Fiscal Strategic Paper 2015 as reflected in their report. I now put a question that this report on the Fiscal Strategic Paper 2015 be adopted and passed with amendments are indicated in the report.

(Question put and agreed upon)

Mr. Speaker (Hon. Elijah Omondi): The report on the Fiscal Strategic Paper 2015 has now been adopted and passed with amendments are indicated in the report upon this day Wednesday, 03rd June, 2015 at 06:20 p.m.

Mr. Speaker (Hon. Elijah Omondi): Next Order!!

Adjournment

Mr. Speaker (Hon. Elijah Omondi): There being no any other business, this House stands adjourned till tomorrow Thursday 4th June, 2015.

(All arise)
(Speaker's procession)
(House adjourns at 6:30 pm)

Motion
1. Proceedings and Approval of the Integrated Strategic Urban Development Plan (ISUD-Plan)
2. Kisumu County Fiscal Strategy Paper, 2015.41
